The Bengal Financial Rules (1st Edition).

In exceptional cases (*e.g.*, in Currency and Treasury offices, etc.), imported locks may be used. As the requirements of individual officers in respect of imported locks are usually small and the cost trifling, such locks should ordinarily be purchased locally under rule 3 (*a*) of the rules for the supply of articles for the Public Service (Appendix 2 to the Bengal Financial Rules). In cases where it is found necessary to purchase an imported lock through the India Stores Department, London, the reason why an imported lock is considered essential should be stated in the indent.

VI of 1912

STATEMENT OF OBJECTS AND REASONS.

The objects of this Bill are—(1) to remove a defect in the Indian Life Assurance Companies Act, 1912, in regard to the distribution of the assets of a life assurance company in liquidation; and (2) to provide for the collection of certain statistical information in respect of all classes of insurance business.

2. Under the law as it now stands, it would be possible for the shareholders of a solvent life assurance company, by putting it into voluntary liquidation, to obtain possession of the surplus in the life fund and thereby deprive the policy-holders of what should be regarded as part of the real value of their policies. This is possible because the liability of the company to the policyholders would be determined by a procedure which does not take into account the surplus held by a solvent company, which has been contributed by the policyholders. The Bill inserts a section in the Act to provide that the surplus shall be allocated to shareholders and to policyholders in the proportion in which the profits were allocated during the ten years immediately preceding the commencement of the winding up.

3. The Bill also requires every insurance company transacting any class of insurance business in British India to submit annual statements showing details of its business both in and outside British India.

STATEMENT OF OBJECTS AND REASONS.

In view of the obligations undertaken by the Government of India by ratifying the Geneva Dangerous Drugs Convention, 1925, and the existing confusion of the laws governing the traffic in dangerous drugs in British India, it has become necessary to enact a Central Dangerous Drugs Act. The obligations that have been so undertaken by the Central Government are two-fold; firstly, in regard to the regulation of international traffic in all the drugs covered by the Convention, and, secondly, in regard to the regulation of the manufacture of, and internal traffic in, certain specified drugs, such as cocaine and morphine.

2. The subject matter of the Bill is one that, under the Devolution Rules, is partly provincial but the Local Governments have assented to the passing of Central legislation on the subject in view of the special advantages of such legislation in the circumstances. In addition to centralising and vesting in the Governor General in Council the control of certain operations relating to dangerous drugs, the proposed Bill renders uniform, and in some cases increases, the penalties for certain offences relating to dangerous drugs.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Jute Crop of Bengal, 1928.

[NOTE.—On an average of the five years ending 1926-27, the area under jute in Bengal, to which this forecast relates, represents some 84·7 per cent. of the total area under jute in British India.]

Season.—Weather conditions were favourable in March and early April, when most of the jute in Eastern and Northern Bengal was sown. Drought in the latter part of April hindered late sowings in Eastern and Northern Bengal, and somewhat retarded growth of the germinated crop. May was a wet month, but the conditions in Eastern and Northern Bengal were favourable on the whole for the crop. The greater proportion of jute in the Presidency and Burdwan Divisions is sown in May, and so the conditions for this, the *desi*, crop were not very favourable in the beginning. On the lower lands in this tract subsequent heavy rainfall has done some permanent damage, but, on high lands, the crop has done well.

Condition of the crop.—With the exceptions already mentioned, the crop may be regarded as a well grown one.

Area of the crop.—The area under jute is 2,702,300 acres against 2,962,100 acres last year. Since the preliminary forecast, Nadia and Bogra have increased their jute area, while that of Malda has been reduced.

Outturn.—As in former years, the percentage figures are calculated on the basis of divisional normals, which remain as follows:

Dacca and Chittagong Divisions 3·7 bales per acre.

Rajshahi Division—3·5 bales per acre.

Presidency and Burdwan Divisions—3·2 bales per acre.

The total outturn of the crop is estimated at 8,589,000 bales as against 9,054,700 bales last year, a decrease of 465,700 bales.

Stocks of old jute.—It is advisable to remark that, as in the case of last year, stocks of old jute carried over from last season appear to be appreciably greater than usual.

APPENDIX I.

Final forecast of the jute crop of Bengal, 1928.

District.	Estimated area under jute, in acres.		Estimated outturn as a percentage of the normal yield per unit of area.		Estimated total yield, in bales of 400 lbs.		Date by which harvesting generally commenced and whether that date was early, normal or late.	Remarks by District Officers.

1	2	3	4	5	6	7	8	9

24-Parganas ..	62,000	64,000	96	73	191,000	148,000	First week of September. Normal.	The low percentage of outturn is due to late sowing, excessive rain and consequent want of sunshine during the growing period.
Nadia ..	79,000	58,000	83	76	211,000	142,000	First week of August to third week of September.	The decrease in area is due to want of timely rain and low price of the crop. The low outturn is due to scanty showers at the beginning and subsequently to incessant showers. Some damage was also done by insects at places.
Murshidabad ..	33,000	31,000	84	103	89,000	102,000	End of August. Rather late.	The rainfall which was copious and evenly distributed, was favourable to growth.
Jessore ..	107,000	95,000	100	100	342,000	304,000	Middle of August. Normal.	
Khulna ..	39,000	31,000	93·7	106	117,000	105,000	Middle of August. Normal.	
Burdwan ..	5,000	4,000	88	94	14,000	12,000	End of August. Normal.	The decrease in area is due to low price of jute last year. Frequent showers of rain hampered the growth a bit, but on the whole a fair outturn is expected.
Midnapore ..	9,000	7,000	93·75	84	27,000	19,000	End of September	The decrease in area is due to low price of the crop last year. The low outturn is due to heavy rain which hampered growth.
Hooghly ..	31,000	29,000	112·5	94	111,000	87,000	Middle of August ..	Weather conditions were not satisfactory. The crop, especially the lowland one, suffered to some extent from heavy rain. Some damage was also done by insects at places.
Howrah ..	12,000	9,000	91	91	35,000	26,000	End of August ..	The lowland crop has been damaged to some extent by continuous heavy rainfall.
Rajshahi ..	105,000	85,000	86	86	315,000	255,000	Early in July ..	The yield of late crop sown in highlands is expected to be much better. Owing to subsidence of water some difficulty will be felt in steeping the crop.
Dinajpur ..	73,000	60,000	81	95	208,000	219,000	By the beginning of August. Normal.	The decrease in area is due to low price of jute last year and especially to scarcity and drought in Balurghat subdivision.
Jalpaiguri ..	48,000	49,000	79	89	133,000	150,000	Normal ..	The weather was favourable. Hairy caterpillar very slightly damaged the crop, but heavy rains in the latter part of the season were beneficial.
Darjeeling ..	3,700	4,000	69	79	9,000	11,000	Last week of August	For want of sufficient water steeping of the crop is causing difficulty in many places.
Rangpur ..	309,000	293,000	87	87·71	944,000	901,000	Lowlands—July. Normal. Highlands—Beginning of September. Late.	The decrease in outturn is due to unfavourable weather.
Bogra ..	105,000	90,000	85	83·7	312,000	264,000	End of June ..	The decrease in area is due to low price of jute last year and to want of rain at sowing time. The low outturn is due to drought at the beginning and to heavy rain afterwards which hampered the growth.
Pabna ..	156,000	142,000	89	96·8	486,000	479,000	Middle of July to first week of August. The sowing was normal in Serajganj but late in Sadar.	The decrease in area is due to low price of the crop last year and to drought at sowing time. The outturn, however, was well compensated by the favourable weather condition during the growing period. The present condition is quite satisfactory.
Malda ..	43,000	30,000	51	57	77,000	60,000	Latter part of August. Late.	The decrease both in area and outturn is due to continued drought at sowing time followed by continuous rain. A large area could not be sown and even of that what was sown a large area was resown with other crops. Portions could not be harvested at all owing to very stunted growth.

District.	Estimated area under jute, in acres.		Estimated outturn as a percentage of the normal yield per unit of area.		Estimated total yield, in bales of 400 lbs.		Date by which harvesting generally commenced and whether that date was early, normal or late.	Remarks by District Officers.

Dacca ..	350,000	321,000	83	89	1,080,000	1,061,000	July	The weather conditions though a little unfavourable at the beginning have been good all through the growing period.
Mymensingh ..	662,000	650,000	87·8	86·5	2,150,000	2,100,000	July. Normal ..	Normal conditions throughout.
Faridpur ..	272,000	246,000	84	89·2	849,000	812,000	First week of July. A little early.	The weather conditions were not favourable at the beginning but became fair on the whole afterwards. The condition of the crop on high land is better than on lowland. Early and sudden rise of rivers in July caused premature harvesting in low lying tracts. The crop was also damaged by insects.
Bakarganj ..	50,000	45,000	86	83·78	160,000	140,000	Latter part of July. Late.	The decrease in area is due to uncertain market and to scarcity of rainfall at sowing time. Abnormally heavy rainfall practically throughout the growing period and comparatively heavier floods affected the yield.
Chittagong ..	200	300	95	90	700	1,000	Second week of August. Normal.	
Tippera ..	319,000	268,000	84	96	989,000	954,000	July. Normal ..	Normal conditions prevailed.
Noakhali ..	56,000	50,000	70	87·6	146,000	162,000	July. Normal ..	The decrease in area is due to low price of the crop during the last two years. The yield is expected to be higher than last year owing to favourable weather condition during the growing period.
Total for Bengal	2,928,900	2,667,300	..	..	8,995,700	8,514,000		
Cooch Behar ..	29,000	32,000	50	63	51,000	70,000	End of June to beginning of August.	The increase in yield is due to better prospects of the crop.
Tripura State ..	4,200	3,000	52	46	8,000	5,000	Middle of August. Normal.	Want of rainfall at the time of sowing and excessive rainfall afterwards hampered the growth and consequently the yield is very poor this year.

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

Final Forecast of the Jute Crop of Bihar and Orissa, 1928.

[NOTE.—On an average of the five years ending 1926-27, the area under jute, to which the Bihar and Orissa forecast relates, represents about 9·0 per cent. of the total area under jute in British India.]

Acreage.—The final district returns of the seven jute growing districts of the province show an area under jute of 198,700 acres. But these estimates have proved to be very much too low, and I have no reason to alter the estimate made in the preliminary forecast, viz., 247,000 acres. Last year's estimate of the area under the crop was 241,000 acres.

Weather conditions.—In March light showers fell in the jute districts, except Champaran, Muzaffarpur and Purnea, where there was no rain. The fall was below the normal everywhere. In April light to moderate rain fell in all the jute districts; the fall was above the normal everywhere, except Champaran, Muzaffarpur, Purnea and the Santal Parganas, where it was below the normal. In May the rainfall was below the normal everywhere, except Purnea and Balasore, where it was above the normal. In June the rainfall was below the normal in Purnea, Champaran and Muzaffarpur and above the normal in the remaining four jute districts. In July the rainfall was above the normal in all jute districts. In August the rainfall was above the normal in Champaran, Muzaffarpur, Purnea and Balasore, but below the normal in Bhagalpur, the Santal Parganas and Cuttack. The weather and rainfall conditions were on the whole favourable for the growth of the crop.

Outturn.—In the important jute districts of Purnea and Cuttack, the outturn of the crop has been estimated at 70 and 88 per cent. of normal respectively. Champaran reports a normal crop, *i.e.*, 100 per cent. Muzaffarpur, Bhagalpur, Balasore and the Santal Parganas report 75, 74, 80, and 53 per cent. respectively.

On the basis of the area and percentage outturn reported by the District Officers, the average conditions of this year's crop for the province, weighted for area, comes to 72 per cent. against 72·8 per cent. last year. Recent enquiries about the normal outturn per acre show that the normal outturn per acre is 3½ bales as compared to 3·17 bales per acre, the figure adopted last year, and on this basis the gross outturn on 247,000 acres estimated to be under jute in this province comes to 693,000 bales. Last year's estimate of the crop was 667,000 bales.

The import of jute from Nepal estimated at 50,000 bales brings the total of the province to 743,000 bales.

DEPARTMENT OF AGRICULTURE, ASSAM.

Final Forecast of the Jute Crop of Assam, 1928.

[NOTE. On the average of the five years ending 1926-27, the area under jute in Assam represents 5·0 per cent. of the total area under jute in British India.]

Season.—The condition of weather after the issue of the preliminary forecast continues to be generally favourable for the growth of the crop. There were occasional heavy rains which affected growth to a certain extent in the Surma Valley, Kamrup, Nowgong and Lakhimpur districts. Floods and insect pest have been reported to have caused slight damage to the crop in some localities. On the whole the condition of the crop is satisfactory and better outturn than last year is expected.

Area.—The area under jute has been estimated by the Deputy Commissioners as 181,600 acres against the final figure of 171,000 acres of last year and 207,600 acres shown in the preliminary forecast of this year. The increase as compared with last year is due to the ordinary extension of cultivation and the decrease from the preliminary forecast to the revision of figure for the Goalpara district.

Outturn.— The percentage outturn of jute fibre per acre is estimated to be 92 of the normal against 78 of previous year. On the basis of the normal yield of 3·5 bales (of 400 lbs.) of jute per acre, the total produce of the crop in this province this year comes to 583,600 bales against 466,300 bales of last year or an increase of 25 per cent.

Cachar ..	300	400	400	80	85	1,100	1,200	First part of August. Early.	The weather was not favourable during the first part of the season on account of prolonged drought which delayed cultivation and growth of crop to a certain extent. It improved afterwards, but heavy showers did some injury to the crop. The outturn is, however, better than last year.
Sylhet ..	20,000	19,000	19,000	80	85	53,200	56,500	End of July. Normal.	There was prolonged drought during the ploughing and sowing season, but the weather became favourable subsequently. There were also occasional heavy rains which affected growth of the crop to a certain extent.
Goalpara ..	60,000	53,700	60,000	75	90	141,000	180,000	First part of July. Early.	The area shown in the preliminary forecast was overestimated by the Thana officers and has now been revised. The increase in area from that of last year is due to extension of cultivation. The weather was dry at the beginning of the season but improved during growth. Hence the outturn is expected to be greater than in previous year.
Kamrup ..	15,000	12,700	16,400	80	85	35,600	48,800	First part of August. Normal.	The increase in area as compared with last year, is due to the extension of cultivation by immigrants and Birkmyre Brothers. The character of weather was not favourable in the first part of the season on account of drought, but it improved subsequently although occasional heavy rains retarded growth to some extent. Some damage is reported to have been done by floods and insect pest in places.
Darrang ..	12,600	19,300	19,700	75	85	50,700	58,600	Middle of July. Early.	There was extension of cultivation under the crop. On the whole the season has been generally seasonable, but there was drought by the middle of the season which interfered with growth to a certain extent. Some damage was done to the crop by insects in some places.
Nowgong ..	40,000	59,500	59,600	80	100	166,600	208,600	Latter part of June. Early.	The slight increase in area from that of last year, is due to gradual extension of cultivation under the crop in the district. The condition of weather has been on the whole favourable, although unlimely heavy rains affected growth in certain areas. Some damage has been reported to have been done by hailstorms and insect pest. The general prospects of the crop are fair.
Sibsagar ..	300	300	300	80	100	800	1,000	3rd week of August. Normal.	The weather during the season has been on the whole favourable except at the time of cultivation when it was dry. The condition of the crop is fair and better than last year.
Lakhimpur ..	200	900	1,000	95	100	3,000	3,500	September. Normal.	The increase in area is due to extension of cultivation. The condition of weather has been favourable. There were occasional drought, heavy rains and floods which injured the crop in certain areas. The present prospects of the crop are satisfactory.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 26th September 1928.

Summary.—During the week the rainfall was generally light. More rain is needed for the growth of standing crops, especially in some West Bengal districts. Transplantation of winter paddy is over. Cutting, steeping and washing of jute continue. Preparation of lands for and sowing of early spring crops are progressing favourably. The prospects of standing crops are generally fair. Distress continues to prevail in parts of Birbhum and Bankura where the number of persons employed on test-relief works was 1,918 and 2,989 respectively. In Dinajpur the test-works have been stopped. The average price of common rice for the province has remained stationary as compared with that of the previous week.

in their budgets for expenditure upon the relief of famine of such amounts respectively (hereinafter referred to as the annual assignments) as are stated against each :—

	Rs.
Madras	3,00,000
Bombay	12,00,000
Bengal	2,00,000
United Provinces	16,00,000
Punjab	2,00,000
Bihar and Orissa	3,00,000
Central Provinces	4,00,000

Provided that no annual assignment need be greater than is necessary to bring the accumulated total of the famine relief fund up to the amount specified in paragraph 5.

2. The annual assignment shall not be expended save upon the relief of famine. Any portion of an assignment which is not so spent shall be transferred to the famine relief fund of the province.

3. The local Government in making provision in its budget for the annual assignment shall include in demands for grant such portion of the assignment as is proposed to be expended for the relief of famine. The amount required, over and above the grants voted for the aforesaid purposes, to make up the total of the annual assignment shall not be included in a demand for grant, but shall be provided in the shape of a lump sum allocated for transfer to the famine relief fund.

4. The famine relief fund shall consist of (*a*) the amount outstanding at the credit of the famine insurance fund heretofore maintained, and (*b*) the unexpended balances of the annual assignments for each year, transferred to the fund under paragraph 2 of this Schedule, together with any interest which may accrue on these balances under paragraph 6 and any recoveries of interest and principal under paragraph 9.

Central Provinces	45,00,000

6. The famine relief fund shall form part of the general balances of the Governor-General in Council, who shall pay at the end of each year interest on the average of the balances held in the fund on the last day of each quarter. The interest shall be calculated for the financial year at a rate which shall be one *per cent.* less than the rate charged by the Governor-General in Council during the year for advances made to the Provincial Loans Fund. Such interest shall be credited to the fund.

7. The local Government may at any time expend the balance at its credit in the famine relief fund upon the relief of famine.

8. When the balance in the famine relief fund exceeds the amount specified in paragraph 5, the local Government may utilise the excess to meet expenditure on protective irrigation works ; in the grant of loans to cultivators, either under the Land Improvement Loans Act, 1883, or under the Agriculturists' Loans Act, 1884, or for relief purposes ; or in the repayment of advances from the Provincial Loans Fund, or to meet irrecoverable balances of loans under the said Acts or for relief purposes when such loans have been made from the Provincial Loan Account :

Provided that the excess of the accumulated balance in the Fund on the 1st April 1928, over the minimum balance prescribed in paragraph 5, may, in the case of Bombay, Bihar and Orissa and the Central Provinces, be utilized, with the approval of the Governor-General in Council, on objects other than those specified in this paragraph.

9. Loans to cultivators under paragraph 8 shall be made through the Provincial Loan Account and the amount lent shall be repaid with interest to the famine relief fund by equated instalments, the rate of interest being the rate determined under paragraph 6 for the financial year in which the loan was made to the Provincial Loan Account.

10. In case of doubt whether the purpose for which it is proposed to spend any portion of the annual assignment of the famine relief fund or the balance thereof is one of the purposes specified in paragraph 2 of this Schedule, the decision of the Governor shall be final.

11. The annual accounts of the annual assignments and of the fund shall be maintained in forms to be prescribed in this behalf by the Auditor-General.

12. The local Government of the provinces mentioned in paragraph 1 shall make such adjustments in their budgets for the financial year 1928-29 as will have the effect of substituting the annual assignment prescribed in paragraph 1 for the annual assignment included in the budget in pursuance of the provisions heretofore in force.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Cotton Crops of Bengal, 1928-29.

(NOTE.—On an average of the five years ending 1926-27, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—As indicated in the first forecast the weather was not favourable at the sowing time owing to drought. Although subsequent conditions were helpful for the growth generally, the early crop was somewhat affected by heavy rains in the Tripura State and in parts of Midnapore. The present condition of the crop is reported to be fairly satisfactory on the whole.

Sowings of late variety commenced in Midnapore under fair conditions.

Area sown.—The area sown with the early crop is reported to be 77,095 acres this year as against 76,773 acres in the corresponding forecast of last year. Of the late crop an area of 653 acres is reported to have been sown this year as against 803 acres reported in the corresponding forecast of last year.

Director of Agriculture, Bengal.

Second forecast of the Sugarcane Crop of Bengal, 1928-29.

(NOTE.—On an average of the five years ending 1926-27, the area under sugarcane in Bengal has represented some 7·1 per cent. of the total area under sugarcane in British India.)

Character of the season.—As reported in the first forecast, owing to drought the weather was unfavourable both for planting and for the growth of early crop. Subsequent conditions, however, improved the prospects generally, although heavy rains in the first part of August adversely affected the crop specially in some Eastern Bengal districts. The present outlook is generally fair and a fairly satisfactory outturn is expected for the province on the whole.

Area planted.—The total area planted with the crop for the province is reported to be 195,300 acres this year as against 208,800 and 208,900 acres reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—According to the estimates of District Officers the average outturn of the crop for the province works out at 77 per cent. of the normal this year as against 83 per cent. both in the corresponding and final forecasts of last year.

Condition figure.—The condition figure for the cane-crop is estimated at 77 per cent. as against a ten years' average of 82·5 per cent. This means that the condition of this year's crop is equal to about 93 per cent. of the ten years' average.

AGREEMENT.

Memorandum of agreement made this 26th day of September 1928 between the Naogaon Co-operative Supply and Sale Society, Ltd., a Society registered under the Co-operative Societies Act II of 1912 and having its registered office at Naogaon in the district of Rajshahi (hereinafter called the Supply and Sale Society) of the one part and the Secretary of State for India in Council hereinafter called the Secretary of State of the other part.

Whereas for the use and occupation and for the construction of buildings for the carrying on of its business the Supply and Sale Society has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act I of 1894 of the piece or parcel of land containing ·23 of an acre or thereabout situate in the village of Naogaon in the district of Rajshahi and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal, being satisfied by an enquiry held under section 5A and clauses (*a*) and (*b*) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Supply and Sale Society the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Supply and Sale Society under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Supply and Sale Society shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the said Supply and Sale Society under the last preceding clause not being thereby limited, the Supply and Sale Society shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Supply and Sale Society of all demands under the foregoing first clause, or, in the discretion of the said Government of Bengal (on deposit by the Supply and Sale Society of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Supply and Sale Society and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Supply and Sale Society.

4. The said land shall be held by the Supply and Sale Society for such purposes as are hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said building shall be completed (and fully equipped in all respects ready for use) within three years from the date on which possession of the said land shall have been given to the Supply and Sale Society.

6. *Not printed herewith but may be inspected in the office of the Subdivisional Officer of Naogaon, district Rajshahi.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Supply and Sale Society.

(*ii*) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Secretary of State shall repay to the Supply and Sale Society the market value as on the day of re-entry of all the buildings erected by the Supply and Sale Society and all sums received from the Supply and Sale Society in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received from the Supply and Sale Society on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only, upon such sale, the Secretary of State after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Supply and Sale Society together with the sum received from the Supply and Sale Society in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Supply and Sale Society on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the said land and buildings subject to the laws and rules governing Co-operative Societies and to the bye-laws of the Society.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such disputes or differences shall be final and conclusive and binding on the parties hereto.

CHAS. A. BENTLEY, M.B., D.P.H., D.T.M. & H., *Director of Public Health, Bengal.*

CALCUTTA, *the 12th October 1928.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for September 1928.

I. **Character of the season.**—During the month under review, the rainfall was *much below the normal throughout the province excepting only in the district of* Jalpaiguri where it was a little above the average. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Transplantation of winter paddy seedlings was completed and the area is expected to be about normal. Harvesting of autumn paddy was nearly over and that of jute still continued in some districts. Preparatory tillage and rearing of tobacco seedlings commenced under favourable conditions during the latter part of the month.

III. **State of standing crops.**—The state of standing crops was generally fair though more rain was needed for their growth especially in the highland tracts of some West and North Bengal districts.

IV. **Prospects and probable outturn.**—The prospects of winter paddy, sugarcane and other standing crops were reported to be generally satisfactory except in the highland tracts of some West and North Bengal districts where more rain was needed for their growth. The outturn of autumn paddy was estimated at 95 per cent. of the normal and that of winter paddy at 100 per cent.

V. **Damage to standing crops.**—During the first part of the month some damage to jute and other standing crops by insect pests and heavy rain was reported from parts of the 24-Parganas, Jessore, Hooghly, Malda, Faridpur and Cooch Behar.

VI. **Condition of agricultural stock.**—The condition of live-stock was on the whole fair. Stray cases of cattle-disease were reported from about eight districts and from the Tripura State.

VII. **Failure of pasturage and fodder.**—The supply of fodder was reported to be sufficient except in parts of Murshidabad, Birbhum, Dinajpur, Dacca and Faridpur where some insufficiency was reported.

VIII. **Prices of food grains.**—During the second fortnight of the month, the price of common rice of the cheapest quality rose in two districts, fell in nine and remained stationary in the rest of the province. It varied from 7½ seers per rupee at Tippera to 5 seers per rupee at Rangpur and Faridpur.

IX. **Condition of agricultural population.**—The condition of the agricultural population was fair on the whole, except in parts of Birbhum, Bankura and Dinajpur where distress continued to prevail owing to a partial failure of the last winter rice crop. Test relief works continued to help the people of these districts. In Dinajpur test works were stopped during the latter part of the month.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th September 1928:—

L. A. Bill No. 24 of 1928.

A Bill to amend the Indian Trade Unions Act, 1926, for a certain purpose.

WHEREAS it is expedient to amend the Indian Trade Unions Act, 1926, for the purpose hereinafter appearing; It is hereby enacted as follows:— XVI of 1926.

Short title. **1.** This Act may be called the Indian Trade Unions (Amendment) Act, 192 .

Substitution of new section for section 11, Act XVI of 1926.

2. For section 11 of the Indian Trade Unions Act, 1926, the following section shall be substituted, namely :— XVI of 1926.

Appeal.

"11. (*1*) Any person aggrieved by any refusal of the Registrar to register a Trade Union or by the withdrawal or cancellation of a certificate of registration may, within such period as may be prescribed, appeal—

(*a*) where the head office of the Trade Union is situated within the limits of a Presidency-town or of Rangoon, to the High Court, or

(*b*) where the head office is situated in any other area, to such Court, not inferior to the Court of an additional or assistant Judge of a principal Civil Court of original jurisdiction, as the Local Government may appoint in this behalf for that area.

(*2*) The appellate Court may dismiss the appeal, or pass an order directing the Registrar to register the Union and to issue a certificate of registration under the provisions of section 9 or setting aside the order for withdrawal or cancellation of the certificate, as the case may be, and the Registrar shall comply with such order.

(*3*) For the purpose of an appeal under sub-section (*1*) an appellate Court shall, so far as may be, follow the same procedure and have the same powers as it follows and has when trying a suit under the Code of Civil Procedure, 1908, and may direct by whom the whole or any part of the costs of the appeal shall be paid, and such costs shall be recovered as if they had been awarded in a suit under the said Code. V of 1908.

(*4*) In the event of the dismissal of an appeal by any Court appointed under clause (*b*) of sub-section (*1*), the person aggrieved shall have a right of appeal to the High Court, and the High Court shall, for the purpose of such appeal, have all the powers of an appellate Court under sub-sections (*2*) and (*3*), and the provisions of those sub-sections shall apply accordingly."

STATEMENT OF OBJECTS AND REASONS.

The existing section 11 of the Indian Trade Unions Act, 1926, which provides for appeals against the decision of the Registrar appointed under section 3 admits of some doubt in two respects, namely :—

(*i*) It does not indicate clearly whether the first appeal lies to the Judge appointed for the area within which the Registrar's office is situated or to the Judge appointed for the area within which the head office of the trade union is situated. The amendment is intended to make it clear that the latter is the competent court.

(*ii*) It does not indicate clearly what Judge may be appointed to hear appeals in the Presidency towns and in Rangoon. The amendment is designed to make it clear that in such areas the appeal lies to the High Court and that there is no second appeal.

The opportunity has been taken to define clearly the powers of the High Court in second appeals.

The 27th July, 1928.

A. C. McWATTERS.

L. GRAHAM,

Secretary to the Government of India.

(*2*) Save as otherwise expressly provided by this Act, a patent of addition shall remain in force as long as the patent for the original invention remains in force, but no longer, and in respect of a patent of addition no fees shall be payable for renewal:

Provided that if the patent for the original invention is revoked, then the patent of addition shall, if the authority by which it is revoked so orders, become an independent patent, and the fees payable, and the dates when they become payable, shall be determined by its date, but its duration shall not exceed the unexpired term of the patent for the original invention.

15. For section 21 of the said Act the following sections shall be substituted, namely:—

Patent to bind Crown.

"21. (*1*) Subject to the other provisions of this section a patent shall have to all intents the like effect as against His Majesty the King as it has against a subject.

(*2*) Any Government department may, by itself or by such of its agents, contractors or others as may be authorised in writing by it at any time after the application, make, use or exercise the invention for the services of the Crown on such terms as may, either before or after the use thereof, be agreed on, with the approval of the Governor General in Council, between the department and the patentee, or, in default of agreement, as may be settled in the manner hereinafter provided. And the terms of any agreement or license concluded between the inventor or patentee and any person other than a Government department, shall be inoperative so far as concerns the making, use or exercise of the invention for the service of the Crown.

(*3*) Where an invention which is the subject of any patent has, before the date of the patent, been duly recorded in a document by, or tried by or on behalf of, any Government department (such invention not having been communicated directly or indirectly by the applicant for the patent or the patentee), any Government department, or such of its agents, contractors, or others, as may be authorised in writing by it, may make, use and exercise the invention so recorded or tried for the service of the Crown, free of any royalty or other payment to the patentee, notwithstanding the existence of the patent. If in the opinion of the department the disclosure to the applicant or the patentee, as the case may be, of the document recording the invention, or the evidence of the trial thereof, if required, would be detrimental to the public interest, it may be made confidentially to counsel on behalf of the applicant or patentee, or to any independent expert mutually agreed upon.

(*4*) In the event of any dispute as to the making, use or exercise of an invention under this section, or the terms therefor, or as to the existence or scope of any record or trial as aforesaid, the matter shall be referred to the High Court for decision, who shall have power to refer the whole matter or any question or issue of fact arising thereon to be tried before a special or official referee or an arbitrator upon such terms as it may direct. The Court, referee or arbitrator, as the case may be, may, with the consent of the parties, take into consideration the validity of the patent for the purposes only of the reference and for the determination of the issues between

the applicant and such Government department. The Court, referee, or arbitrator, further, in settling the terms as aforesaid, shall be entitled to take into consideration any benefit or compensation which the patentee, or any other person interested in the patent, may have received directly or indirectly from the Crown or from any Government department in respect of such patent:

Provided that, if the inventor or patentee is a Government servant and the subject-matter of the invention is certified by the Governor General in Council or Local Government to be connected with work done in the course of such service, any such dispute shall be settled by the Governor General in Council after hearing the inventor or patentee and any other person having an interest in the invention or patent.

(5) The right to use an invention for the services of the Crown under the provisions of this section, or any provisions for which this section is substituted, shall include, and shall be deemed always to have included the power to sell any articles made in pursuance of such right which are no longer required for the services of the Crown.

(6) Nothing in this section shall affect the right of the Crown or of any person deriving title directly or indirectly from the Crown to sell or use any articles forfeited under any law for the time being in force relating to customs or excise.

Assignment of patent to the Secretary of State for India in Council.

21A. (1) The inventor of any improvement in instruments or munitions of war may (either for or without valuable consideration) assign to the Secretary of State for India in Council on behalf of His Majesty all the benefit of the invention and of any patent obtained or to be obtained for the invention; and the Secretary of State for India in Council may be a party to the assignment.

(2) The assignment shall effectually vest the benefit of the invention and patent in the Secretary of State for India in Council on behalf of His Majesty, and all covenants and agreements therein contained for keeping the invention secret and otherwise shall be valid and effectual (notwithstanding any want of valuable consideration), and may be enforced accordingly by or on behalf of the Secretary of State for India in Council.

(3) Where any such assignment has been made, the Governor General in Council may, at any time before the publication of the specification, certify to the Controller that, in the interest of the public service, the particulars of the invention and of the manner in which it is to be performed should be kept secret.

(4) If the Governor General in Council so certify, the application and specifications, with the drawings (if any) and any amendment of the specification and any copies of such documents and drawings, shall, instead of being left in the ordinary manner at the Patent Office, be delivered to the Controller in a packet sealed by authority of the Governor General in Council.

(5) The packet shall, until the expiration of the term during which a patent for the invention may be in force, be kept sealed by the Controller, and shall not be opened save under the authority of an order of the Governor General in Council.

(6) The sealed packet shall be delivered at any time during the continuance of the patent to any person authorised by the Governor General in Council to receive it, and shall if returned to the Controller be again kept sealed by him.

(7) On the expiration of the term of the patent, the sealed packet shall be delivered to the Governor General in Council.

(*8*) Where the Governor General in Council certifies as aforesaid after an application for a patent has been left at the Patent Office but before the publication of the specification, the application and specifications, with the drawings (if any), shall be forthwith placed in a packet sealed by authority of the Controller, and the packet shall be subject to the foregoing provisions respecting a packet sealed by authority of the Governor General in Council.

(*9*) No proceeding by petition or otherwise shall lie for revocation of a patent granted for an invention in relation to which a certificate has been given by the Governor General in Council as aforesaid.

(*10*) No copy of any specification or other document or drawing, by this section required to be placed in a sealed packet, shall in any manner whatever be published or open to the inspection of the public, but, save as otherwise provided in this section, the provisions of this Act shall apply in respect of any such invention and patent as aforesaid.

(*11*) The Governor General in Council may at any time waive the benefit of this section with respect to any particular invention, and the specifications, documents and drawings shall be thenceforth kept and dealt with in the ordinary way.

(*12*) The communication of any invention for any improvement in instruments or munitions of war to the Secretary of State for India in Council or the Governor General in Council or to any person or persons authorised by the Secretary of State for India in Council or the Governor General in Council to investigate the same or the merits thereof, shall not, nor shall anything done for the purposes of the investigation, be deemed use or publication of such invention so as to prejudice the grant or validity of any patent for the same."

Amendment of section 22, Act II of 1911.

16. In section 22 of the said Act,—

(*a*) in sub-section (*1*), for the words " the reasonable requirements of the public with respect to a patented invention have not been satisfied " the words " the demand for a patented article in British India is not being met to an adequate extent and on reasonable terms " shall be substituted;

(*b*) in sub-section (*4*), for the words " the reasonable requirements of the public with reference to the patented invention have not been satisfied " the words " the demand for the patented article in British India is not being met to an adequate extent and on reasonable terms " shall be substituted; and for the words " the reasonable requirements of the public will not be satisfied " the words " the demand will not be adequately met " shall be substituted;

(*c*) in sub-section (*5*),—

(*i*) for the words " the reasonable requirements of the public shall not be deemed to have been satisfied " the words " the demand for a patented article shall not be deemed to have been met to an adequate extent and on reasonable terms " shall be substituted;

(*iii*) in clause (*b*), the words " before or after the commencement of this Act " shall be omitted; and

(*d*) sub-section (*6*) shall be omitted.

Amendment of section 23, Act II of 1911.

17. In section 23 of the said Act,—

STATEMENT OF OBJECTS AND REASONS.

The existing Indian Patents and Designs Act, 1911 (II of 1911) was passed in 1911 and came into effect in 1912. Experience has indicated a number of directions in which amendments are required, and it is now proposed to revise it. The amendments which it is desired to make are drawn from several sources. A few of them are taken from the British Act of 1907 (on which the present Indian Act is based) and were omitted from the Indian Act as they were not considered necessary in the conditions then existing in India. A considerable number are based on the provisions of the British Patents and Designs Act of 1919 which represented a fairly general revision of the 1907 Act in the light of the experience gained from its working. Others are designed to remove defects which experience in India has revealed and a few drafting amendments have been added. The amendments are explained in the detailed notes on clauses below.

Notes on Clauses.

Clause 2 (*a*).—The existing definition admits of some ambiguity; the proposed definition is based on that adopted in the British Act of 1919.

(*b*).—The revised definition of "patentee" substitutes the registered owner for the beneficial owner, and follows the definition adopted in the United Kingdom in 1919.

(*c*).—The amendment is designed to bring the definition into line with section 43 (1) of the Act.

Clause 3.—In the case of applications comprising more than one invention it is sometimes necessary to submit amended applications for each invention and the Controller has discretion under section 5(*1*) to grant to such separate applications the date on which they are amended. If the sub-section is revised in the manner proposed, the Controller will have the power to grant the date of the original application to the separate subsequent applications.

Clause 4.—Under section 8 of the Act the Governor General in Council can direct the Controller to refer the specification for enquiry after the acceptance of an application and before sealing a patent, but in the absence of opposition a patent cannot be refused as a result of such enquiry. The section has therefore proved to be valueless.

Clause 5.—Section 9(*1*) of the Act allows a period of 3 months within which a notice of opposition can be entered. This period has proved inadequate in some cases, and it is proposed to add to this period the time required to supply a copy of the specification. The amendment proposed follows a general legal principle.

Clause 6 (*1*).—The amendment will enable the Controller to proceed with an application for a patent when the applicant has assigned it to another party and refuses to proceed with the application or when disputes arise between joint applicants. It follows in substance the provision made in the United Kingdom Act of 1919.

Clause 6 (*2*) (*i*).—This is consequential to the amendment in clause 4.

Clause 6 (*2*) (*ii*).—The first amendment makes clause (*d*) of section 10(*2*) applicable to any case where a patent cannot be sealed within the time ordinarily allowed. The second amendment is based on an existing provision in the Patents and Designs Rules which has proved satisfactory.

Clause 7.—The object is to make the time when proceedings can be taken in respect of an infringement more definite.

Clause 8.—The object is to enlarge the provision contained in section 13 (*2*) so as to enable a patent to be given to the true inventor not merely in cases where the Court has revoked the patent, but also in cases where the Controller has refused a patent on account of the opposition of the true inventor.

Clause 9.—(*a*) This amendment will extend the period of future patents from 14 years to 16 years, following the recommendations of the Empire Patents Conference and the alteration made in the British law in 1919.

(*b*) This amendment has the effect of extending the period of existing patents from 14 to 16 years. It also makes necessary provision for the protection of licensees and other parties who might be adversely affected by the change.

Clause 10.—(*a*) The advertisement of a petition for extension of a patent before actually filing it as provided in section 15 (*1*) of the Act is unnecessary. The amendment will make it possible to call on the patentee to advertise his application after filing his petition.

(*b*) Fees are already charged for opposition to grants, amendments or restoration of patents, and it is desirable that a fee should be levied for opposition to an extension of a patent. A fee is levied in similar cases in the United Kingdom.

(*c*) In view of the enlargement of the original period of patents from 14 to 16 years, it is proposed, following the British Act of 1919, to reduce the terms for which extensions can be granted.

Clause 11.—This amendment introduces a new provision which will enable a patentee to add to his original patent improvements having the same term as the original patent without incurring the expense involved in taking out separate patents.

Clause 12.—Under section 18 a Court can permit a patentee to amend his specification only by way of disclaimer. It is proposed to extend the power of the Court so as to permit it to allow a patentee to amend his specification also by way of correction or explanation.

Clause 13.—This is a verbal amendment which follows the British Act, and makes the time for the grant of relief under section 19 of the Act more precise.

Clause 14.—The words deleted appear in a modified form in the proposed new sub-section (*4*) of section 63 (see clause 26).

Clause 15.—Under the existing Act Government have the right to use any invention either without payment or on such terms as they may consider reasonable. The new provision maintains the existing position where the patentees are Government servants and the patent is related to their official work, but gives patentees in other cases the right of reference to a Court of law for the settlement of the terms that are to be applicable when Government use their patent.

A new section has been introduced on the lines of section 30 of the United Kingdom Act of 1907 for the assignment of inventions relating to instruments, or munitions of war to Government, and for the maintenance of secrecy where necessary in respect of inventions and patents so assigned.

Clause 16.—The object of the first amendment is to make the main ground of application for the grant of compulsory license or the revocation of a patent more clear.

The amendment to section 22 (*4*) and the first two amendments to section 22(*5*) are consequential to the amendment to section 22(*1*).

As the present Act came into force in 1912, the words "before or after the commencement of this Act" in section 22 (*5*) are no longer necessary.

It is proposed to delete sub-section (*6*) of section 22 and add a new section in similar terms but applicable both to sections 22 and 23; *vide* clause 18.

Clause 17.—Under section 23(*2*) if the Governor General in Council is satisfied that the allegations contained in an application for the revocation of a patent are correct, he can make an order revoking the patent. The amendment is intended to empower him to grant a license or an exclusive license to the applicant if such remedies are justified in the circumstances of the case. The British Act also provides for such remedies.

Clause 18.—The amendments to section 23 (*2*) necessitate the enlargement of the provision at present contained in section 22(*6*) so as to apply also to the grant of licenses under section 23.

Clause 19.—This is a drafting amendment.

Clause 20.—Under the existing law the Court is required in a suit for infringement to call in the aid of an assessor on the request of either of the parties to the proceedings. The effect of the amendment will be that the Court will not be required to call in assessors unless all the parties agree, but it may if it thinks fit call in an assessor on the application of either party or without any application.

Clause 21.—The amendment provides for the possibility of granting relief in infringement actions in respect of valid claims in spite of the inclusion in the patent of invalid claims. The object is to prevent patentees from being penalised for *bona fide* mistakes. The amendment follows the provisions of the British Act of 1919.

Clause 22.—The object of these amendments is to extend the liability imposed on patentees to persons who have a beneficial interest in patents. The amendments follow the English law.

Clause 23.—The amendment to clause (*a*) of section 44 brings the section into line with section 43(*1*).

The existing section 44 can be used to extend the copyright of a design if supplementary registration is effected in another class for the same design. This was obviously not the intention. The duration of the supplementary registration of a design should not exceed that of the original design, and the amendment to clause (*b*) of section 44 provides for this.

Clause 24.—The existing law is obscure as to the extent to which parties are entitled to secure cancellation of designs. The proposed section 51A, which is based on the analogy of patents, will make the position clear.

The object of the new section 51B is to bring the law relating to designs in so far as rights against the Crown are concerned into line with the law relating to patents.

Clause 25.—This is consequential on the insertion of the new section 51A.

Clause 26(*a*).—The alterations in sub-sections (*1*) and (*2*) of section 63 are essentially of a drafting character.

The object of the new sub-section (*4*) of section 64 is to prevent the admission in evidence, save in exceptional circumstances, in proof of the title to a patent or design, of a document or instrument not entered in the register of the Patent Office. This sub-section follows the provisions of the English law of 1919 and replaces the provision at present contained in section 20(*4*). (See note on clause 14.)

Clause 27.—The object of the amendment is to make it clear that the section provides only for applications which relate to the rectification of errors in the register and that questions regarding the merits of patents or designs cannot be raised in connections with applications under it. It is undesirable that applications of this character should go before the High Court in the first instance, and it is proposed to make the Controller the competent authority to dispose of them, an appeal lying from his order to the High Court.

Clause 28.—This is based on the British Act and provides for an appeal to the Governor General in Council against the Controller's decision.

Clause 29.—Under section 65 of the Act the Controller has power to award costs in any proceedings before him. The clause will enable the Controller or the Court dealing with parties offering opposition or applying for revocation or preferring appeals to require security for the cost of proceedings, where they do not reside or carry on business in British India.

Clause 30 (*1*).—Under the existing Act fees are payable in cash. The clause will enable fees to be paid through treasuries or the Imperial Bank, if necessary.

The new sub-clause (*ccc*) is consequential on the insertion of the new section 21A; *vide* clause 15.

Clause 30 (*2*).—Under section 77(*2*) of the Act all rules are made after previous publication. This is not considered desirable in the case of rules made for ensuring secrecy of patents relating to munitions of war. The new provision follows the British Act.

Clause 31.—The first amendment which extends the period for applications under reciprocal arrangements in the case of designs is based on a recommendation made by the last International Conference at the Hague. A similar change has recently been made in Great Britain.

The second amendment will enable reciprocal arrangements to be made between British India and Indian States.

Clause 32.—The existing scale of fees has remained unchanged since 1912. Only valuable patents are kept on for a long number of years, and in such cases the amount of the fees is normally small compared with the profits earned. A slight increase in the fees has been proposed for the 9th, 13th and 14th years of a patent. It is proposed to fix the fees for the 15th and 16th years of patents at Rs. 150 (*vide* clause 9). A similar rate has been prescribed for extended patents and for new patents granted after the original patents have expired.

Provided that no person shall be deemed to have committed an offence under this section by reason only of his having ceased work or refused to continue to work or to accept employment.

(2) No Court shall take cognisance of any offence under this section save on complaint made by, or under authority from the Governor General in Council or the Local Government.

(3) No Court inferior to that of a Presidency Magistrate or a Magistrate of the first class shall try any offence under this section.

Certain provisions of Act XVI of 1926 not to apply to illegal strike or lock-out.

18. The provisions of sections 17 and 18 of the Indian Trade Unions Act, 1926, shall not apply to any act done in contemplation or furtherance of a strike or lock-out which is illegal under section 16, and any such act shall not be deemed for the purposes of any enactment to be done in contemplation or furtherance of a trade dispute. XVI of 1926.

Protection of persons withholding from illegal strike or lock-out.

19. (1) No person refusing to take part, or to continue to take part, in any strike or lock-out which is illegal under the provisions of section 16 shall, by reason of such refusal or by reason of any action taken by him under this section, be subject to expulsion from any trade union or society, or to any fine or penalty, or to deprivation of any right or benefit to which he or his legal representatives would otherwise be entitled, or be liable to be placed in any respect, either directly or indirectly, under any disability or at any disadvantage as compared with other members of the union or society, anything to the contrary in the rules of a trade union or society notwithstanding.

(2) Nothing in the rules of a trade union or society requiring the settlement of disputes in any manner shall apply to any proceeding for enforcing any right or exemption secured by this section, and in any such proceeding the Court may, in lieu of ordering a person who has been expelled from membership of a trade union or society to be restored to membership, order that he be paid out of the funds of the trade union or society such sum by way of compensation or damages as the Court thinks just.

Injunctions for restraint of application of funds.

20. Without prejudice to the right of any person having a sufficient interest in the relief sought to sue or apply for an injunction to restrain any application of the funds of a trade union in contravention of the provisions of section 16, an injunction restraining any application of the funds of a trade union in contravention of the provisions of that section may be granted at the suit or upon the application of the Governor General in Council or a Local Government.

21. (1) The Governor General in Council in respect of industries, business and undertakings carried on by him or under his authority, or by a railway company, and the Local Governments in respect of other businesses,

industries, or undertakings within their respective provinces, may make rules for the purpose of giving effect to the provisions of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely:—

(*a*) the powers and procedure of Courts and Boards, including rules as to the summoning of witnesses, the production of documents relevant to the subject-matter of an inquiry or investigation and the number of members necessary to form a quorum;

(*b*) the allowances admissible to members of Courts and Boards and to witnesses;

(*c*) the ministerial establishment which may be allotted to a Court or Board and the salaries and allowances payable to members of such establishments;

(*d*) the occasions and manner in which persons may be represented by legal practitioners in proceedings under this Act before a Court or Board;

(*e*) any other matter which is to be or may be prescribed.

(3) All rules made under this section shall be published in the Gazette of India or the local official Gazette, as the case may be, and shall, on such publication, have effect as if enacted in this Act.

STATEMENT OF OBJECTS AND REASONS.

The outbreak of industrial unrest on a large scale was a feature of the period succeeding the close of the War and led the Government of India to explore the possibility of providing some machinery for the settlement of industrial disputes. The inquiries made with this purpose in 1920 led to the conclusion that in the conditions then existing, legislation for this purpose was not likely to be effective.

2. The succeeding years saw a distinct change in the position by reason of the growth of organizations of industrial workers and of the increasing influence exercised by public opinion on the course of disputes. And in 1924 the Government of India prepared a draft Bill "for enabling the investigation and settlement of trade disputes" and circulated it in order to ascertain the views of those directly interested and of the public generally on the subject. As a result of the inquiries made in 1924-25 and the experience which has become available since that period, the Government of India are satisfied that legislation for the prevention and settlement of trade disputes is likely to prove of considerable value; and the present Bill has been prepared for this purpose.

3. The main part of the Bill falls into three parts. Clauses 3 to 14 relate to the establishment of tribunals for the investigation and settlement of trade disputes. This part of the Bill is based generally on the British Industrial Courts Act of 1919, and its detailed provisions are adopted for the most part from clauses in that Act. The main difference is that, whereas the British Act sets up a Standing Industrial Court, the Conciliation Boards which the Bill proposes to establish are intended to be appointed *ad hoc* like the Courts of Inquiry, in order to deal with particular disputes. The object of Courts of Inquiry which will ordinarily be composed of persons having no direct interest in the dispute will be to investigate and report on such questions connected with the dispute as may be referred to them. The object of Boards of Conciliation, which will ordinarily include representatives of the parties to a dispute, will be to secure a settlement of the dispute. Both Courts of Inquiry and Boards of Conciliation will be able to enforce attendance of witnesses and the production of documents, and their reports are to be published. Neither party will be under any obligation to accept the findings of the Court or the advice of the Board; and in cases where the dispute is not brought to an end during the deliberations of the tribunal that has been appointed, reliance is placed on the force of public opinion which will be enabled by the publication of the report of the tribunal to arrive at just conclusions on the merits of the dispute.

4. The second part of the Bill consists of clause 15 which relates to public utility services. "Public utility services" is defined in clause 2 (*f*), and it will be observed that, in accordance with this definition, clause 15 is only applicable to such railway services as have been notified by the Governor General in Council. The clause makes it a penal offence for workers employed on monthly wages in public utility services to strike without previous notice, and also provides heavier penalties for persons abetting such an offence. The clause is based on the principle that persons whose work is vital to the welfare of the community generally should not be entitled to enter into a strike before sufficient time has been given to examine the merits of their grievances and to explore the possibilities of arriving at a peaceful settlement. Provisions of a somewhat similar type already exist in the Indian Post Office Act and in a number of Municipal Acts in India, and the principle is one which is widely accepted in other countries.

5. Clauses 16 to 20 contain certain special provisions relating to illegal strikes and lock-outs. These clauses follow closely the provisions of sections 1, 2 and 7 of the British Trade Disputes and Trade Unions Act, 1927. They are applicable only in the case of strikes and lock-outs which satisfy both of two conditions; in the first place, the strike or lock-out must have other objects than the mere furtherance of a trade dispute within the industry to which the strikers or employers belong, and, in the second place, the strike or lock-out must be designed to coerce Government either directly or by inflicting hardship on the community. If these conditions are satisfied, the strike or lock-out becomes illegal. Persons furthering the strike or lock-out are liable to punishment and are deprived of the protection granted to them by the Indian Trade Unions Act, while persons refusing to take part in it are protected from trade union disabilities to which they might otherwise be subjected.

STATEMENT OF OBJECTS AND REASONS.

The Workmen's Compensation Act, 1923, came into force on the 1st July 1924. Since then a number of amendments have suggested themselves or have been proposed by Commissioners for Workmen's Compensation and Local Governments. Some of the latter proposals involve the modification of the principles underlying the present Act or of its more important features. So far as these are concerned, the Government of India consider it advisable to consult Local Governments and the public generally before forming conclusions. For the present it is proposed to limit the revision of the Act to the amendment of those sections or parts of sections which are admittedly defective and to the introduction of changes which are likely to raise no important controversial points and which will be generally recognised as improvements. The proposed amendments are explained in the Notes on Clauses below.

Notes on Clauses.

Clause 2.—The definition of 'workman' in existing section 2 (*1*) (*n*) of the Act includes persons who are employed by a Railway administration in connection with the service of a railway, but excludes persons employed on similar work by a person fulfilling a contract with a Railway administration. It was never intended that contractors' employees should be outside the scope of the Act on Railways; they come within the Act in all the other classes of employment to which the law extends. The amendment seeks to remove an obvious defect in the law.

Clause 3.—Compensation to workmen employed in the construction, repair or demolition of a building or bridge was originally restricted on grounds of expediency to cases of death and permanent total disablement as it was feared that any general application of the Act to the building trades might lead to administrative difficulties. Experience of the working of the Act has shown that no such result need be anticipated, especially in view of the restrictions imposed by clause (*vi*) of Schedule II of the Act. The amendment seeks to remove the discrimination contained in the existing proviso (*c*) to sub-section (*1*) of section 3 of the Act against such workmen.

Clause 4.—(1) Cases have been reported in which the application of the existing section 5 (*b*) gives results which are wide of the true average wages in the case of workmen whose period of service immediately preceding the accident is less than a month. The amendment seeks to remove this anomaly.

(2) The existing section 5 prescribes the manner in which the monthly wages of a workman shall be calculated for the purpose of section 4. The amendment is designed to extend the same method to the calculation of wages for the purposes of clause (*n*) of sub-section (*1*) of section 2 and of sub-section (*3*) of that section.

Clause 5.—Sub-section (*1*) of section 8 as at present worded is liable to misinterpretation. The amendment seeks to clarify the real intention which is that all payments to dependants of the deceased workman must be made through the Commissioner and not directly to the dependants. The opportunity has been taken to provide that any lump sum payable as compensation to a minor should also be paid similarly through the Commissioner. The revised section further provides for:—

(*a*) the protection of lump sums payable to a woman or to a person (other than a minor) under any legal disability,

(*b*) the prevention of deposits of trivial amounts, and

(*c*) the investment of sums payable as compensation to women.

It is also proposed to remove the apparent inconsistency between the existing sub-section (*5*) and the existing sub-section (*2*) and between sub-section (*1*) which might be read as requiring the Commissioner to pay the full sum to a dependant, and sub-section (*4*) which enables him to deduct funeral expenses.

Clause 6.—The amendment is designed to vest Commissioners with the same powers in respect of the prosecution of persons for perjury as are possessed by Civil Courts generally.

Clause 7.—The existing sub-section (*1*) of section 28 provides *inter alia* for the registration of agreements which settle the compensation payable to persons under legal disability. The provision is not necessary in the case of persons who are over 15 years of age and suffer from no other legal disability; the Act treats such persons as adults for purposes of compensation. The amendment also provides for the repeal of proviso (*b*) which has in practice remained a dead letter.

Clause 8.—(1) The application of the Workmen's Compensation Act to dock labourers, etc., is governed partly by existing clause (*v*) of Schedule II of the Act and partly by a notification issued by the Governor General in Council under section 2 (*3*) of the Act. The two provisions are not entirely consistent, as the former applies only to places where steam, water or other mechanical power or electrical power is used, whereas the latter imposes no such restriction. The revised clause consolidates the provisions of the existing clause (*v*) and of the notification and eliminates the condition relating to the use of power. The revised clause will now include all persons employed for the purpose of loading, unloading, fuelling, constructing, repairing, demolishing, cleaning or painting a ship irrespective of the place where the ship may be.

(2) The amendment to clause (*vii*) of this Schedule is designed to include in the scope of the Act persons employed in setting up, repairing, maintaining or taking down a post or standard supporting an overhead electric cable. Persons employed in setting up, etc., posts supporting telegraph and telephone lines are already included in the existing clause (*vii*), and the omission of the former class of persons was unintentional.

(3) Certain classes of workmen who have been brought within the scope of the Act by notifications issued under sub-section (*3*) of section 2 of the Workmen's Compensation Act have also been included in the Schedule.

159	VENEERS such as are ordinarily used for making boxes, including boxes and parts of boxes made of such veneers.	Pound ..	Six annas."

STATEMENT OF OBJECTS AND REASONS.

In their Report regarding the grant of protection to the match industry, the Tariff Board has recommended that the existing rate of import duty on matches should be maintained and converted into a protective duty. The Government of India have accepted this recommendation, and the object of this Bill is to give effect to it.

2. It is also proposed to convert the existing import duties on undipped splints and veneers into protective duties. Unless this be done the protective duty on matches will not be effective.

RESOLUTION ON THE CALCUTTA LICENSING BOARD.

GOVERNMENT OF BENGAL.

Agriculture and Industries Department.

Excise Branch.

DARJEELING, THE 19TH OCTOBER 1928

RESOLUTION—No. 631 T A I

Minister-in-charge: The Hon'ble Nawab Musharruf Hossain, Khan Bahadur.

The present Calcutta Licensing Board was constituted by Resolution No 6217 Ex., dated the 25th November 1927, with the President of the Temperance Federation as Chairman and including 2 other representatives of the temperance party.

The fact that it included no representative of its interests was the subject of a protest by the liquor trade, and Government, after careful consideration, decided that, with the Board constituted as it was, it was fair that the trade also should be represented, and issued orders accordingly

Thereupon, all the members of the temperance party tendered their resignations.

The Governor, acting with his Ministers, was at first reluctant to accept these resignations, as he recognised the valuable work that had been done by these gentlemen in the past, but after giving his anxious consideration to the unsatisfactory situation which has arisen, he has come to the conclusion that under the circumstances the proper course is to dissolve the existing Board as from the date of this resolution

It has become apparent that to ensure the efficient working of the Board it will be necessary to re-organise it on somewhat different lines. It has not yet, however, been possible to come to a final conclusion in the matter, but a new Board will be formed as soon as possible. Meanwhile, the Commissioner of Excise is being instructed that no new licenses are to be issued until a new Board is formed, so that the Board shall not be deprived of that control of licensing work in Calcutta which it has hitherto been the policy of Government to vest in it.

By order of the Government of Bengal

(Ministry of Excise)

R. N. REID,

Secretary to the Government of Bengal.

RESOLUTION ON THE ANNUAL ADMINISTRATION REPORT OF THE DEPARTMENT OF INDUSTRIES, BENGAL, FOR THE PERIOD 1ST JANUARY 1927 TO 31ST MARCH 1928.

GOVERNMENT OF BENGAL.

Agriculture and Industries Department.

Industries.

DARJEELING, THE 19TH OCTOBER 1928.

RESOLUTION—No. 632 T.A.I.

Minister-in-charge: The Hon'ble Raja Bhupendra Narayan Sinha Bahadur, of Nashipur.

READ—

Annual Administration Report of the Department of Industries, Bengal, for the period 1st January 1927 to 31st March 1928.

The period which the report covers having been changed from the calendar to the financial year, the present report covers a period of 15 months, viz., from 1st January 1927 to 31st March 1928.

Mr. G. P. Hogg held charge of the Department from 1st January to 23rd May 1927, and Mr. A. T. Weston, Deputy Director of Industries, held charge, in addition to his own duties, of the post of Director of Industries for the rest of the period under review. Dr. R L. Datta, Industrial Chemist, Mr. A. N. Sen, Inspector of Technical and Industrial Institutions, and Mr. S. C. Mitter, Industrial Engineer, held charge of their respective duties throughout the year. Mr. E. Hoogewerf, Principal of the Government Weaving Institute, Serampore, was on leave for 8 months from 19th April 1927, and Mr. Alauddin J. Nathani acted in his absence.

2. **Research.**—The general equipment of the Industrial Research Laboratory has been completed and useful work was done therein. The publicity which has been given to its existence has resulted in many references being made to it for advice and information. The Hon'ble Minister is glad to notice that a Sub-Committee of the Advisory Board of Industries is giving special attention to the laboratory, in order to ensure that its work proceeds on thoroughly practical lines. The Department can now claim that it is in a position to give all the technical and economic information that is required by anyone who wants to set up in the match industry. As the Director of Industries observes, it now remains for private enterprise to come forward and make use of the information his Department has compiled.

Similar useful results have been obtained in respect of the manufacture of soap and shellac and of the bleaching of hosiery.

It may be claimed that success has attended the conch-shell cutting machine referred to in last year's review, in that 2 machines have been purchased and are in course of erection by the Co-operative Union in Shankari Bazar at Dacca.

Useful work continued to be done at the Bengal Tanning Institute, and the Director of Industries gives a long list of investigations which are going on at that institution, which will no doubt in time bear fruit. That there are great possibilities in this line in Bengal, a mere consideration of the exports of raw hides and skins will show: For India exports annually to other countries raw hides and skins to the value of some 71 million rupees; and imports annually about 4 million rupees worth of leather manufactures.

3. **Demonstration and propaganda.**—The bulk of the demonstration work undertaken was, as is natural, connected with weaving. The parties were carefully organised and supervised, and exhibits were sent to various exhibitions and shows, including the Eastern Bengal Railway Demonstration Train. Better arrangements were also made, so that it became possible for the public, before whom demonstrations were made, to buy the improved appliances on the spot before their enthusiasm evaporated. But it still remains to be seen whether the public will actually make use of these facilities. Demonstrations of tanning processes were carried out by two touring parties, who visited various districts, gave demonstrations at exhibitions, and also participated in the Eastern Bengal Railway Demonstration Train. It is gratifying to note that the Director of Industries considers the results to be very encouraging, and that there are signs of interest not only among those who are hereditarily connected with the leather trade, but among *bhadralok* as well.

4 **Technical education.**—The Calcutta Technical School has entered on its third year of existence. It is regrettable that the Corporation still withholds the grant so long expected from it, thereby seriously restricting the activities of the school. The average number of apprentices on the roll in any month was 145. It is disappointing that only one apprentice appeared at the annual examination of the Board of Control for Apprenticeship Training, an examination which was instituted in order to set up a standard of efficiency which it was hoped would be of value to employers in selecting assistants.

Work in the various technical schools and institutions proceeded on normal lines. Fifteen additional weaving schools were opened during the year under report, one being the Silk Weaving and Dyeing Institute at Berhampore, and the rest being peripatetic weaving schools. The Berhampore Institute commenced its first session from the 18th July 1927, and most of its staff were appointed during the year.

An improvement in the administration of this side of the Department is expected to ensue from the transfer of the work of supervision of all mufassal weaving schools and demonstration parties from the Principal, Government Weaving Institute, Serampore, to the office of the Director of Industries. This was decided on during the year and took effect from the 1st April 1928 It was a change the need of which had been for some time manifest, it being obvious that the work could be carried out far more satisfactorily from the Director of Industries' office at the headquarters of the Department. The work of the Serampore Weaving Institute should also benefit.

It will be possible to give instruction at the Serampore Weaving Institute on more extensive and modern lines when the buildings at present under construction are completed. Seven students out of 12 obtained the diploma at the last Final Examination.

At the Bengal Tanning Institute an average of 4 apprentices were under training during the year. Eight out of 10 who had completed their 2-year course obtained the diploma. The history of the subsequent careers of those who have previously passed out is, on the whole, encouraging.

Two Technical Scholarships for training in England, one for Ferro-concrete Construction and one for Pottery, were awarded during the year

There can be little doubt that more money can be productively spent on the development of industries, on which, in the opinion of the Hon'ble Minister, the prosperity of the country very largely depends. It is regrettable that the restricted resources at the disposal of Government have hitherto made a more generous provision on this account impracticable.

5 **Home industries.**—An important step was taken towards the close of the year when Government decided to discontinue its annual grant-in-aid, which in 1926-27 amounted to Rs. 10,000, to the Bengal Home Industries Association. The reason for this step was that this Association, for many years the recipient of aid from Government, had failed to achieve

the purpose which it had set before it, i.e., the promoting and developing of home and cottage industries and, above all, the vital service of finding for them a market. Instead, Government decided to subsidise for 3 years a new Central Sale Depôt which will work under the direction of the Bengal Co-operative Organisation Society, and the purpose of which will be to furnish a market for the products of cottage industries. It is intended to cater for all such industries and not for those co-operatively organised only. The depôt is to be conducted on business lines, and if it fails to become self-supporting, it is not intended to renew the subsidy at the end of the period. The Hon'ble Minister will watch its progress with interest. It is sufficiently clear that, as was stated in last year's review, the key to success for small industries lies in successful marketing and that the key to successful marketing lies in co-operative methods. In this connection, it is interesting to observe that the Royal Commission on Agriculture has expressed decided views on the subject in paragraph 342 of its report as follows:—

> "The most effective method of enabling the cultivator to secure a full premium for superior quality is organisation for the purpose of sale. Group marketing must be more efficient than marketing by individuals, especially in conditions such as those which exist in India where the individual producer is such a small unit. The ideal to be aimed at is, therefore, Co-operative Sale Societies which will educate the cultivator in the production and preparation for market of his produce, will provide a sufficient volume of produce to make efficient grading possible, and will bring the Indian producer into direct touch with the export market and with the large consumers in this country, such as the cotton and jute mills."

6 **The State Aid to Industries Bill** was introduced in Council after the close of the year under review and was circulated to elicit public opinion on its provisions.

7 **Acknowledgment.**—The thanks of Government in the Ministry of Industries are due to the members of the Advisory Board of Industries, which was reconstituted in March 1927, for the assistance they have rendered in the administration of the Department during the period under review and they have pleasure in acknowledging the manner in which the work of the Department has been carried on by the Director and his assistants.

The Minister would conclude this Resolution by stating that he has to discharge the duty of reviewing the administration of a year in the policy or supervision of which he had no hand, and so naturally he had to proceed on records as he found them.

By order of the Government of Bengal

(Ministry of Industries),

R. N. REID,

Secretary to the Government of Bengal.

RESOLUTION ON THE FINAL REPORT ON THE SURVEY AND SETTLEMENT OPERATIONS IN THE DISTRICT OF KHULNA.

GOVERNMENT OF BENGAL.

Revenue Department.

Land Revenue.

DARJEELING, THE 16TH OCTOBER 1928

RESOLUTION—No. 556 T.—R

READ—

The Final Report on the Survey and Settlement operations in the district of Khulna;

Also its reviews by the Director of Land Records (No. 5785, dated the 20th July 1927) and the Commissioner of the Presidency Division (No. 733 R.L., dated the 3rd May 1928).

The Final Report on the Survey and Settlement operations in the district of Khulna has been prepared by Mr. L. R. Fawcus, I.C.S., who was in charge of these operations as Settlement Officer. Apart from its technical side, the report is a very interesting study of the physiography of a typical deltaic area in Central Bengal and will be useful in connection with the various problems of sanitation, navigation and agriculture in this part of the Presidency which are engaging the attention of Government and the public.

Excluding the reserved forests of the Sundarbans which cover over 2,202 square miles, the area of the district is 2,472 square miles. Of this area no less than 302 square miles, or over 12 per cent. are covered by rivers, khals and the series of *bils* which extend from west to east along the central portion of the district and provide a rich supply of fish throughout the year.

The total population is 1·45 millions which shows an increase of 39·2 per cent since 1872. This is double the rate of increase in Jessore (though less than in Faridpur), and Mr Fawcus attributes this to the fact that the rivers in Khulna have not yet become moribund like those in Jessore: the general health is therefore considerably better

Of the land area (excluding the forests) of 2,226 square miles, 1,742 square miles were found to be under actual cultivation. This gives the same proportion as in Jessore, and also in Midnapore and Dacca. The total number of raiyati interests recorded is 426,642 giving an average of 2·8 acres per holding. The total number of under-raiyats is 273,289 The system of land-tenure though not as intricate as in Bakarganj, comprises several grades of talukdars and intermediate tenure-holders between the zamindar and the raiyat. Most of these tenures possess very substantial rights and many of them owe their origin to the various expedients adopted from time to time by the zamindars and Government for the extension of cultivation in the swamps and jungles of the delta and the fringe of the Sundarbans. The total number of estates in the tauzi roll of the district is 1,098, and against these there are 128,853 tenures and under-tenures.

The incidence of raiyati rent is Rs 3-5-10 per acre (average) against Rs. 2-7-5 in Jessore and Rs. 2-10-6 in Faridpur, but the higher rates prevail only in the reclaimed Sundarban areas.

The Governor in Council observes with regret that in parts of the district *abwabs* are still exacted from the tenants and proper receipts for rent paid by the raiyats are not granted by the local agents of the landlords. It is obviously necessary that the law relating to granting of proper *dakhilas* should be more stringently enforced and the local officers are being enjoined to take necessary action.

Mr. Faweus has made suggestions on various other points and these have been noted for examination and such action as may be necessary or practicable.

The operations have been completed within the scheduled time and the estimated expenditure has not been exceeded. The Governor in Council desires to express his appreciation of the labours of all officers who have carried out the operations to a successful conclusion. His thanks are specially due to Mr. Faweus for the able manner in which he conducted the difficult work, and for his clear and interesting report.

By order of the Governor in Council,

W. H. NELSON,

Secretary to the Government of Bengal (*offg.*).

No. 569G.—In supersession of the notification of the Government of India in the Foreign and Political Department No 1367-G., dated the 10th August 1915, the following revised Foreign and Political Department Memorial Rules are published for general information:—

I.—MEMORIALS, ETC., ADDRESSED TO THE GOVERNOR-GENERAL IN COUNCIL.

1. Every memorial must be submitted to the Political Officer of the State, within whose jurisdiction the subject-matter has arisen, accompanied by a copy of the order appealed against and by a letter requesting its transmission to the authority to which it is addressed.

2. Memorials may be transmitted either in manuscript or in print, but must, with all accompanying documents, be properly authenticated by the signature of the memorialist on each sheet.

3. Subject to the exceptions hereinafter contained, every memorial received which conforms to the above rules, should be forwarded by the Political Officer through the usual official channel, with a concise statement of material facts, and, unless there be special reasons to the contrary, an expression of opinion.

4. Memorials, together with their accompanying documents, should be in English. If the accompanying documents must necessarily be forwarded in the vernacular, an English translation should be appended, which should be attested by the signature of the memorialist on each sheet.

N.B.—The transmitting officer should examine such translations and, if they are found to be incorrect or faulty, notice the fact in sending on the memorial.

5. Every memorial should be accompanied by copies of all the orders passed in the case by the authorities who have dealt with it in India.

6. Local Governments, Administrations, and Political Officers in direct subordination to the Foreign and Political Department of the Government of India are vested with discretionary power to withhold memorials addressed to the Governor-General in Council in the following cases:—

(1) When the memorial is illegible or unintelligible.

(2) When the memorial contains language which, in the opinion of the authority who would otherwise forward it, is disloyal, disrespectful, or improper.

(3) When a previous petition of the memorialist (which term includes a rejoinder submitted by the memorialist in answer to a previous petition of some other party) has been disposed of by the Secretary of State for India in Council or the Governor-General in Council, and the petition discloses no new facts or circumstances which afford grounds for a reconsideration of the case.

(4) When the memorial relates to a matter which is within the competence of the Local Government, Administration, or Political Officer to dispose of and no application has previously been made to such Government, Administration, or Political Officer for redress.

(5) When the memorial is an appeal preferred more than six months after the date on which the memorialist was informed of the orders against which he appeals, provided that the Local Government, Administration or Political Officer, as the case may be, may, at their or his discretion, extend the period to twelve months, if the delay will facilitate a settlement of the dispute, or other good cause is shown

(6) When the memorial refers to matters in which the memorialist is not personally interested.

7. Provided they do not contravene the conditions specified in the preceding section, memorials which are appeals against orders passed by Local Governments, Administrations, and Political Officers in direct subordination to the Foreign and Political Department of the Government of India, in the exercise of political control in territories not included in British India, shall be forwarded, except in the following cases in which a discretionary power to withhold the memorials may be exercised:—

(1) When the order appealed against has been passed by the Local Government, Administration, or Political Officer as a recognised Court of Appeal

in regard to a judgment or order of any Court of civil or criminal jurisdiction established or continued by the Governor-General in Council in such territories.

(2) When the order appealed against is a mere refusal to exercise political control in regard to a judgment or order of any special court established by the Governor-General in Council in such territories, from which court there is, by its constitution, no appeal, though a general political control over it is declared or understood to exist.

(3) When the order appealed against is a mere refusal to interfere in a matter of purely internal policy with the action or orders of the Ruler of an Indian State, of which the memorialist is a subject: provided that the State is one in which it is not customary for the British Government to intervene in matters of internal policy, and that the matter complained of does not disclose a state of misrule so gross that the Paramount Power would be called upon to interfere.

N.B.—This rule applies to a temporary administration established in an Indian State by the Governor-General in Council when the temporary administration is appointed to exercise the same powers and occupy the same position as the State Administration which it supersedes.

Note.—Memorials which are analogous to applications under Chapter XXIX of the Criminal Procedure Code and appeals for the exercise of the prerogative of pardon must be transmitted. But this provision will not affect the procedure in regard to memorials from persons under a capital sentence, prescribed in the Foreign and Political Department circular letter No. 45-G., dated the 12th January 1917.

8. Memorials from persons* in such territories which are not covered by these rules may be treated under the memorial rules of the Home Department when they are applicable.

9. Memorialists who desire to appeal against the orders of the Government of Bombay, in political cases shall have the option of addressing such appeals either to the Governor-General in Council or to the Secretary of State for India in Council, and such appeals shall be forwarded subject to the provisions of rules 6 and 7. This rule shall not apply to—

(*a*) Giras cases. In these cases the decision of the local Government shall ordinarily be considered as final, and no appeal shall lie to the Governor-General in Council, an appeal to the Secretary of State for India in Council only being admissible with the permission of the local Government which should be previously obtained;

(*b*) Memorials of the class specially reserved in rule III of the rules published with the Home Department Notification No. F.-472-II-I-23, dated the 21st June 1924;

(*c*) Memorials which involve questions affecting the status, dignity or powers of a Ruling Chief or his relations with the Paramount Power (including questions of succession or adoption) and with other Chiefs.

In the case of (*b*) and (*c*), memorials must be addressed to the Governor-General in Council.

10. The Agent to the Governor-General, Western India States, is vested with discretionary power to withhold memorials addressed to the Governor-General in Council in the following cases:—

(*a*) When the memorial is an appeal against an order passed by himself under rule 18 of the Giras Court Rules published in Western India States Agency Notification No. 21, dated the 17th April 1926.

(*b*) When the memorial is an appeal against an order passed by himself under rule 6 (*a*) of the Political Courts Rules published in the Western India States Agency Notification No. 30, dated the 26th April 1926, and the case is not one which should, in his opinion, be certified as fit for a further appeal.

II.—MEMORIALS, ETC., ADDRESSED TO HIS MAJESTY THE KING-EMPEROR OF INDIA, OR TO THE SECRETARY OF STATE FOR INDIA IN COUNCIL.

1. Every memorial must be submitted to the Political Officer of the State within whose jurisdiction the subject-matter has arisen, accompanied by a copy of the order appealed against and by a letter requesting its transmission to the authority to which it is addressed.

2. Memorials may be transmitted either in manuscript or in print, but must, with all accompanying documents, be properly authenticated by the signature of the memorialist on each sheet.

3. Subject to the exceptions hereinafter contained every memorial received which conforms to the above rules should be forwarded by the Political Officer through the usual official channel with a concise statement of material facts, and, unless there be special reasons to the contrary, an expression of opinion.

E.g, petitions from Government servants about dismissal, pensions, etc.

4. Memorials, together with their accompanying documents, should be in English. If the accompanying documents must necessarily be forwarded in the vernacular, an English translation should be appended, which should be attested by the signature of the memorialist on each sheet.

N.B.—The transmitting officer should examine such translations and, if they are found to be incorrect or faulty, notice the fact in sending on the memorial.

5. Every memorial should be accompanied by copies of all the orders passed in the case by the authorities who have dealt with it in India.

6. Local Governments, Administrations, and Political* Officers in direct subordination to the Foreign and Political Department of the Government of India are vested with discretionary power to withhold memorials addressed to His Majesty or to the Secretary of State in Council in the following cases:—

(1) When the memorial is illegible or unintelligible.

(2) When the memorial contains language which, in the opinion of the authority who would otherwise forward it, is disloyal, disrespectful, or improper.

(3) When a previous petition of the memorialist (which term includes a rejoinder submitted by the memorialist in answer to a previous petition of some other party) has been disposed of by the Secretary of State in Council and the petition discloses no new facts or circumstances which afford grounds for a reconsideration of the case.

(4) When the memorialist has not previously appealed to the Governor-General in Council (or the Government of Madras, Bombay or Bengal, as the case may be) and received the decision of the Governor-General (or Governor) in Council upon it.

(5) When the memorial is an appeal preferred more than six months after the date on which the memorialist was informed of the orders against which he appeals provided that the Local Government, Administration, or Political Officer, as the case may be, may at their or his discretion extend the period to twelve months, if the delay will facilitate a settlement of the dispute, or other good cause is shown.

(6) When the memorial refers to matters in which the memorialist is not personally interested.

(7) When the memorial is in effect an appeal in a boundary case between Indian States in which the decision, original or appellate, of the Political Officer has been passed after enquiry on the spot and confirmed on appeal by the Local Government, Local Administration or the Government of India, as the case may be.

(8) Cases which turn entirely on questions of fact, where the Political Officer and Local Government or Local Administration are in agreement.

7. Provided they do not contravene the conditions specified in the preceding section, memorials which are appeals against orders passed by the Governor-General in Council (or Governor in Council in Madras, Bombay or Bengal, as the case may be) in the exercise of political control in territories not included in British India, shall be forwarded, except in the following cases in which a discretionary power to withhold the memorials may be exercised:—

(1) When the order appealed against has been passed by the Governor-General in Council or the Government of Madras, Bombay or Bengal (as the case may be), as a recognised Court of Appeal in regard to a judgment or order of any Court of civil or criminal jurisdiction established or continued by the Governor-General in Council in such territories.

(2) When the order appealed against is a mere refusal to exercise political control in regard to a judgment or order of any special Court established by the Governor-General in Council in such territories, from which Court there is, by its constitution, no appeal, though a general political control over it is declared or understood to exist.

(3) When the order appealed against is a mere refusal to interfere in a matter of purely internal policy with the action or orders of the Ruler of an Indian State, of which the memorialist is a subject: provided that the State is one in which it is not customary for the British Government to intervene in matters of internal policy, and that the matter complained of does not disclose a state of misrule so gross that the Paramount Power would be called upon to interfere.

N. B.—This rule applies to a temporary administration established in an Indian State by the Governor-General in Council when the temporary Administration is appointed to exercise the same powers and occupy the same position as the State Administration which it supersedes.

Note (1).—Memorials which are analogous to applications under Chapter XXIX of the Criminal Procedure Code, provided that they do not contravene the conditions specified in section 6 above, must be transmitted.

* Political Officers who are not Heads of Local Administrations may not exercise discretionary power to withhold memorials of the kind referred to in clauses (7) and (8) of Rule 6.

(2) Memorials which contain a prayer for the exercise of the prerogative of pardon must be transmitted by the Governments of Madras, Bombay and Bengal to the Governor-General in Council who will transmit them to the Secretary of State for India in Council unless the Governor-General thinks fit to grant the prayer in virtue of his authority to exercise this prerogative on His Majesty's behalf. The provision of this note will not affect the procedure in regard to memorials from persons under a capital sentence, prescribed in the Foreign and Political Department circular letter No. 45-G., dated the 12th January 1917

8. Memorials from persons,* in such territories which are not covered by these rules, may be treated under the memorial rules of the Home Department when they are applicable.

9. Memorialists who desire to appeal against the orders of the Government of Bombay in political cases shall have the option of addressing such appeals either to the Governor-General in Council or to the Secretary of State for India in Council, and such appeals shall be forwarded subject to the provisions of rules 6 and 7. This rule shall not apply to—

(a) Giras cases. In these cases the decision of the local Government shall ordinarily be considered as final, and no appeal shall lie to the Governor-General in Council, an appeal to the Secretary of State for India in Council only being admissible with the permission of the local Government which should be previously obtained;

(b) Memorials of the class specially reserved in rule III of the rules published with the Home Department Notification No. F.-472-II-I-23, dated the 21st June 1924;

(c) Memorials which involve questions affecting the status, dignity or powers of a Ruling Chief or his relations with the Paramount Power (including questions of succession or adoption) and with other Chiefs.

In the case of (b) and (c), memorials must be addressed to the Governor-General in Council.

10. Discretionary power to withhold memorials addressed to His Majesty or the Secretary of State for India in Council may be exercised in the following cases:—

(a) When the memorial is an appeal against an order passed by the Governor-General in Council on a previous memorial relating to an order of the Agent to the Governor-General in the States of Western India under rule 18 of Giras Court Rules published in the Western India States Agency Notification No. 21, dated the 17th April 1926.

(b) When the memorial is an appeal against an order passed by the Governor-General in Council on a previous memorial relating to an order of the Agent to the Governor-General in the States of Western India under rule 6 (a) of the Political Courts Rules published in the Western India States Agency Notification No. 30, dated the 26th April 1926.

(c) When the memorial is an appeal against an order passed by the Governor-General in Council under rule 3 of the Giras Court Rules published in the Western India States Agency Notification No. 22, dated the 17th April 1926.

(d) When the memorial is an appeal against an order passed by the Governor-General in Council under rule 8 of the Political Courts Rules published in the Western India States Agency Notification No. 30, dated the 26th April 1926.

III.—List of memorials to the Secretary of State for India in Council and of petitions to the Governor-General in Council withheld under the discretionary powers conferred by the above rules will be forwarded quarterly to the Government of India in the Foreign and Political Department.

IV.—When a petition or memorial is withheld, the writer should be informed of the fact and of the reason for withholding it.

Simla, the 4th October, 1928.

No. F.-384-R. 1/27.—The following Resolutions passed by the Secretary of State in Council are published for general information:—

RESOLUTION I.

In exercise of the powers conferred by sub-section (2), and, where necessary, of those conferred by sub-section (3), of Section 96-B of the Government of India Act, the Secretary of State for India, with the concurrence of the majority of votes at a meeting of the Council of India, held this 5th day of September 1928, hereby makes the following amendments to the Civil Service Regulations with effect from 3rd January 1921, namely:—

Article 6.—The words "during transfer to another appointment" in line 4 of Article 6 shall be deleted.

Article 16.—For Notes 1 and 3 under Article 16, the following shall be substituted, namely:—

"*Note 1.*—[In the calculation of "Average Salary", Privilege leave on half salary in the case of officers entitled to regular vacations, granted under Articles 271 to 274, is treated as if it were on full salary.]

Note 3.—[When Privilege leave is combined with other leave under Article 232, the calculation is made up to the day preceding the commencement of the Privilege leave.]"

Article 24.—For Article 24, the following shall be substituted, namely:—

"24. **Extraordinary leave** means Special Furlough granted under Rule 8 of the Military Furlough Rules of 1875, and leave of absence from duty granted (see Article 306) otherwise than under the Leave Rules.

Example.—Leave in extension of the three years admissible under Article 304 (*a*)."

Article 29.—For the Note under Article 29, the following shall be substituted, namely:—

"*Note.*—[Appointments do not belong to the same Class or Grade unless they have been so constituted or recognised by proper authority. There are no Classes or Grades of Ministerial officers.]"

Article 39.—For Rules 3 and 4 under Article 39, the following shall be substituted, namely:—

"3. The Government of India and Provincial Governments may declare the pay of an appointment, for the purpose of the rules in Chapters V, VI and VIII, in cases where the pay of an appointment is undetermined, at any rate not exceeding—

(*a*) The pay of the permanent incumbent, or

(*b*) If the pay is incremental, his minimum pay, or

(*c*) If the appointment is tenable by an officer belonging to any one of several grades or classes in a service, the pay of the lowest grade or class.

4. In the case of an appointment reserved for officers of a Graded service, the pay of which varies according to the grade of the incumbent for the time being, the pay of an office of the current duties of which an officer is appointed to be in charge under the provisions of Articles 165 and 166, and the pay of any additional appointments which an officer is appointed temporarily to hold or officiate in under the provisions of Article 162, is, for the purpose of calculating the incumbent's salary, the pay of the appointment left vacant in the lowest grade or class from which the office or additional appointment is usually filled."

Article 53.—For the first sentence of Rule 3 under Article 53, the following shall be substituted, namely:—

"The condition imposed by this rule that both the relieving and the relieved officers must be present is not enforced in the case of officers who are permitted to combine vacation with leave under Article 278."

Article 76-B.—For the second sentence of clause (*b*) of Article 76-B, the following shall be substituted, namely:—

"The promotions made in such arrangements may in certain cases be substantive *pro tempore*, if the temporary appointment is for not less than six months, in accordance with the provisions of Article 90."

Article 76-D.—After Article 76-C, the following new Article shall be inserted as Article 76-D:—

"76-D. The authority which appoints an officer to a temporary appointment may declare that the officer shall hold the appointment substantively for the purposes of the acting allowance rules. The effect of such a declaration will be that if the officer officiates in another appointment while continuing to retain a lien on the temporary appointment, his emoluments in respect of the temporary appointment will be regarded as his substantive pay for the purpose of calculating his salary."

Chapter V.—For Chapter V, the following shall be substituted, namely:—

"Chapter V—Acting Allowances—General Rules.

SECTION I.—DEFINITIONS AND LIMITATIONS.

86. "Acting Allowance" is the allowance given, in addition to substantive pay (if any), to an officer who is appointed to officiate in an appointment of which either there is no holder or of which the holder is an absentee.

1. A Local Government may, at its discretion, allow *acting* appointments to be made in place of officers ordered or permitted to undergo a course of training. It may delegate its power under this rule to Heads of Departments.

2. A Local Government may also issue general orders authorising acting appointments to be made in the place of any specified class of officers under training.

87. In certain cases, as defined in Articles 89 to 92, it is permissible to appoint an officer "provisionally" or "substantively *pro tempore*" instead of appointing him to officiate.

88. It is also permissible, instead of appointing an officer to officiate, to appoint him to be in charge of the current duties of the vacant appointment. In such cases a "charge allowance" is given as explained in Articles 94, 95, 165 to 169-A and 174-A.

Provisional Appointments.

89. If an officer is transferred to duty which is such that he retains no connection with his own appointment and which there is reason to believe will not terminate within three years, the Local Government may, if it thinks fit, suspend his lien upon his own appointment altogether, and fill up that appointment substantively, reserving only the right to reverse the arrangements thus made in case the absent officer at any time reverts to his original appointment.

Note.—[A Local Government may delegate its powers under this Article to Heads of Departments in respect of officers whom they can appoint.]

Substantive pro tempore Appointments.

90. An officer to whom the rules in Section I of Chapter VI do not apply may be appointed substantively *pro tempore* on full pay, without prejudice to the lien of the absentee, in place of an absentee who draws no part of the pay of the appointment or of an officer on deputation, provided that when the absence is due to a temporary appointment or the officer is on deputation, the temporary appointment or deputation lasts for six months or more.

The full pay of an officer thus appointed substantively for a time may, in like manner and upon the same condition, be given to a substitute similarly appointed. The status of an officer appointed substantively *pro tempore* under this Article is that of an Acting officer, and if he is appointed to officiate in a higher appointment, his salary is reckoned upon his substantive pay proper and not upon the pay of the appointment he held substantively *pro tempore*.

Note 1.—[This rule is subject to the proviso that the salary of an officer who is substantive *pro tempore* in one appointment and who is appointed to officiate in a higher appointment shall not be less than that which he drew while holding the substantive *pro tempore* appointment While appointed to officiate in a higher appointment or in a higher class the officer does not cease to hold the former appointment substantively *pro tempore* unless expressly reverted; and unless the officiating appointment is expected to last for at least three months, the authority appointing him may not revert him to his substantive appointment merely for the purpose of appointing another officer to the substantive *pro tempore* appointment.]

Note 2.—[Full pay is not to be drawn under Articles 89 and 90 as a matter of course, or unless the officer claiming it has been formally appointed "provisionally" or "substantively *pro tempore*" by competent authority.]

91. An officer appointed to act in another office is not an absentee within the meaning of Article 90 unless the full pay of that office is available and he is appointed to it substantively *pro tempore*.

92. An absentee who receives absentee allowances draws, within the meaning of Article 90, "part of the pay of his appointment"; and that Article is not to be construed as conflicting with Article 214.

93. *Omitted.*

Charge Allowances.

94. An officer appointed to be in charge of the current duties of an office independently, *i.e.*, under orders which expressly relieve him of the charge of his own office, is entitled to a charge allowance of three-quarters of the acting allowance which would be admissible to him if he were appointed to officiate in the office. An officer cannot be thus appointed to be in charge of a "grade."

Note.—[The rules laid down in Articles 168 and 169 apply here also.]

95. The Local Government may, if it thinks fit, assign to the officer a charge allowance of less than the amount thus admissible, and, on the other hand, if it thinks this amount too small, may grant him, for special recorded reasons, the full acting allowance. Charge allowance under this Article must never exceed what an officer would draw as acting allowance if appointed to officiate in the appointment.

Note.—[The rules laid down in Articles 168 and 169 apply here also.]

1. The Local Government may delegate its power under this Article to the Head of a Department or Commissioner of a Division.

SECTION II.—MAXIMUM AND MINIMUM SALARIES.

96. The minimum salary of an officiating officer is half the pay of the appointment and, except in cases where the rules in Section I of Chapter VI apply, the maximum salary is the pay of the appointment.

97. *Cancelled.*

SECTION III.—PRIVILEGE LEAVE VACANCIES.

98. As a general rule, the duties of an officer absent on Privilege leave taken separately and not combined with other leave under Article 232 shall be discharged by another officer in the same station or district. Only in exceptional cases where there is absolutely no officer available on the spot, can the transfer of an officer from another station or district to act in consequence of the absence of an officer on Privilege leave be allowed. In the case of appointments held by members of the Indian Civil Service or a Commission, if a member of that Service or Commission is not available on the spot, a Provincial Service officer should be placed in charge of the vacant appointment.

99—103. *Cancelled.*"

Chapter VI.—For Chapter VI, the following shall be substituted, namely:—

"Chapter VI.—Acting Allowances—Rules for Calculation.

SECTION I.—IMPERIAL SERVICES AND SERVICES ORGANISED ON A TIME-SCALE BASIS.

104. The rules in this Section apply to all Imperial Services and to any other Service, except the Indian Finance Department, which is organised on a time-scale basis.

Note.—[The officiating promotion and acting allowances of officers of the Indian Finance Department are regulated by the rules which were in force prior to 11th September 1920.]

105. Subject to the provisions of Article 162, an officer holding one appointment substantively, who is appointed to officiate in another, shall not draw acting allowance unless the officiating appointment involves the assumption of duties or responsibilities of greater importance or of a different character. This condition is not fulfilled if the two appointments are on the same scale of pay.

Note.—[Two appointments are said to be on the same scale of pay when they fall within a cadre or a class in a cadre, such cadre or class having been created in order to fill all appointments involving duties of approximately the same character or degree of responsibility in a service or establishment or group of establishments, so that the pay of the holder of any particular appointment is determined by his position in the cadre or class and not by the fact that he holds that appointment.]

Exception.—Officers who on 10th September 1920 were in receipt of acting allowances as officiating in the selection grade of Judges may be permitted by the Local Government to continue to draw acting allowances for so long as they officiate continuously; and a similar concession may be given to officers in other services similarly situated.

106. Subject to the provisions of Articles 105 and 108, the acting allowance of an officiating officer will be the difference between his pay and the pay of the appointment in which he officiates. If, however, his substantive pay is greater than the pay of the appointment in which he officiates, he will continue to draw his substantive pay.

107. An officer officiating in an appointment on a time-scale draws as initial salary the stage of the time-scale next above his substantive pay, if any; provided that, if he has previously officiated in the appointment or in an appointment in the same cadre on the same time-scale, his initial salary shall not be less than the salary which he drew when last officiating. All officiating service in any stage of the time-scale, whether continuous or not, counts for increment in that stage. If the salary drawn during any period of past officiating service was intermediate between two stages of the time-scale, that period will count for increment in the lower of the two stages. If the substantive pay of the officer at any time exceeds the salary calculated under this rule, he will draw salary equal to that substantive pay.

Note.—[This Article does not apply to any time-scale sanctioned by the Secretary of State in Council in so far as it is inconsistent with the terms specially so sanctioned for such time-scale.]

108. A Local Government may grant to an officiating officer an acting allowance less than that admissible under these rules.

109—137. *Cancelled.*

SECTION II.—OTHER SERVICES.

138. The following rules are applicable to officers in Civil employ whose cases are not provided for in Section I of this Chapter, or by rules peculiar to the Services concerned, such as—

(1) Lieutenant-Governors and Members of Council (*see* Chapter XXII).

(2) Judges of the High Courts (see Chapter XXIII).

(3) Ecclesiastical Officers (see Chapter XXVII).

(4) Law Officers (see Chapter XXXI).

139—139-A. *Cancelled.*

Officers having a Substantive Appointment.

140. An officer with a substantive appointment, officiating in an appointment to which this Section applies and of which the pay is not less than Rs. 100, is entitled to an acting allowance of one-fifth of the pay of the appointment: Provided that no officer may under this Article be appointed to officiate in a higher grade of his own class.

1.—A Section-writer or a Press servant who is paid for piece work is, for the purposes of the rules in this Section, held to be an officer without a substantive appointment.

141. For the purposes of this Section, the pay of an appointment which belongs to a graded class is the average pay of the grades, calculated without reference to the number of appointments in each grade; but the officiating officer's salary shall not exceed the pay of the lowest grade, unless he belongs to another department, and is especially appointed to officiate in a grade other than the lowest.

The provisions of this Article are not to be applied in the case of temporary acting appointments not lasting longer than three months so as to give the officiating officer a lower salary than his salary in the appointment he would have continued to hold but for the acting appointment.

Medical Appointments.

142. A Military Assistant Surgeon while officiating in charge of a Civil station is entitled to draw the full minimum pay of the post, and to count the period of officiating service towards increment.

Note.—[In Bengal, the Punjab, the Central Provinces, Bihar and Orissa, Assam and Burma, the undermentioned allowances may be granted under the orders of the Local Government to a Military Assistant Surgeon performing the duties of the Civil Surgeon at head-quarters while the latter is absent for more than seven days on duty:—

(*a*) If the substantive holder of the charge is a Commissioned Medical Officer—

To a Senior Military Assistant Surgeon, or Military Assistant Surgeon, first class, a duty allowance of Rs. 75.

To a Military Assistant Surgeon of the second, third or fourth class, a duty allowance of Rs. 50.

(*b*) If the substantive holder of the charge is a Civil or Military Assistant Surgeon—

In all cases, a duty allowance of Rs. 50.]

143. *Cancelled.*

143-A. A Military Assistant Surgeon officiating at the Presidency General Hospital, Calcutta, or as Assistant Apothecary, Medical College Hospital, Calcutta, is entitled to a fixed acting allowance of Rs. 50 a month.

Officers without a Substantive Appointment.

144. (*a*) An officer without a substantive appointment, officiating in an appointment the pay of which is not less than Rs. 100, is ordinarily entitled to an acting allowance of half the pay, or, if the pay of the appointment is progressive, half the minimum pay, of the appointment.

(*b*) In special cases, however, the acting allowance may, with the previous sanction of the Local Government, be increased to an amount not exceeding the full pay of the appointment.

Note 1.—[The Local Government may delegate its powers under clause (*b*) of this Article to Heads of Departments in respect of non-gazetted officers under their control.]

Note 2.—[The salary of an officer without a substantive appointment who does not devote his whole time to the duties of the appointment in which he officiates, is regulated by clause (*a*) of this Article. If the appointment is not ordinarily a whole-time post, the Local Government may increase his salary up to the full pay of the appointment under clause (*b*) of the Article; but otherwise, no allowance in excess of the minimum laid down in clause (*a*) may be given to such an officer without the sanction of the Government of India.]

Note 3. [A report of the circumstances of each case in which sanction is accorded by the Local Government or Subordinate Heads of Departments under clause (*b*) of this Article should be forwarded at the beginning of each year through the audit officer to the Government of India in an amalgamated schedule.]

145—146. *Cancelled.*

Appointments on less than Rs. 100.

147. The salary of an officer officiating in an appointment of which the pay is less than Rs. 100 should, as far as practicable, be regulated by Articles 140 and 144. The following conditions must be observed:—

(*i*) If the officiating officer has a substantive appointment, his salary must not exceed what it would be if Article 140 were applied.

(*ii*) If he has no substantive appointment, the officer who appoints him may grant him such allowance, not exceeding the pay, or if the appointment is progressive, the minimum pay, of the appointment, as he considers necessary.

(*iii*) If the vacancy is caused by the absence on leave of an officer in inferior service, the absentee allowance of such officer must not exceed the difference between his pay and the sum of the acting allowances paid in consequence of his absence, except when, in the resultant acting arrangements, an officer who has no substantive appointment is given more than half the pay of the appointment in which he acts—in which case the excess over half pay granted to him may, at the discretion of the Local Government, be disregarded altogether in calculating the sum available for the leave allowance of the absentee and the acting allowances paid in consequence of his absence.

1. The Local Government may delegate its power under this clause to Heads of Offices and Departments.

148. The third of the conditions above mentioned is not enforced in the case of—

(*i*) Officers on hospital leave under Chapter XII, Articles 287 to 294.

(*ii*) Female warders or matrons employed in Jails.

Appointments on Progressive Pay.

148-A. In the case of progressive appointments, acting allowances are fixed as follows:—

(*a*) An officer whose substantive pay is progressive, and who acts in an office of which the pay is fixed. In this case the officer's acting allowance is calculated as if his substantive pay were a fixed one, equal to the amount at which from time to time it stands.

(*b*) An officer whose substantive pay is fixed, and who acts in an office of which the pay is progressive. In this case the officer's acting allowance is calculated upon the pay to which he would from time to time have risen if he had held the officiating appointment substantively.

(*c*) An officer whose substantive pay is progressive, and who acts in an office of which the pay is progressive. In this case the officer draws—

(*i*) His substantive pay, with the increments thereof as they fall due;

(*ii*) The acting allowance which he would have drawn if the substantive and officiating appointments were both on fixed pay equal to the minimum.

Note 1.—[No officer should be transferred to officiate in a progressive appointment the value of which calculated under Article 150 is less than that of his substantive appointment, save for special reasons of a public nature, to be recorded by the authority appointing him.]

Note 2.—[The maximum limit of salary is not that prescribed in Article 96 but the officer's substantive pay or the pay to which he would have risen if his officiating tenure had been substantive, whichever is the greater.]

Note 3.—[When calculating the salary of an officer who acts in an appointment, the whole of the acting tenure, whether continuous or not, should be taken into account.]

Example.—An officer who is substantively in the Rs. 170 stage of an appointment on Rs. 150—10—200 is appointed to act in an office of which the pay is Rs. 200—8—240. His salary is thus fixed—

	Rs.	
Pay	.. 170	But this is limited for the first year to Rs. 200.
Acting allowance (one-fifth of Rs. 200)	.. 40	
Total ..	.. 210	

Next year he gets pay Rs. 180+acting allowance Rs. 40=total Rs. 220. But this is limited for a year to Rs. 208."

Chapter VII.—In Chapter VII, for the head line "Regulation of Progressive Salaries", "Regulation of Progressive Pay" shall be substituted.

After Article 149, the following new Article shall be inserted as Article 149-A.:—

"149-A. The rules in Articles 151 to 160-B. in this Chapter do not apply to any Time-scale or Progressive pay sanctioned by the Secretary of State in Council in so far as they are inconsistent with the terms specially so sanctioned for such Time-scale or Progressive pay."

Article 155.—Article 155 together with its heading shall be omitted.

Chapter VIII.—For Articles 161—173 of Chapter VIII, the following shall be substituted, namely:—

SECTION I.—AN OFFICER PERFORMING PERMANENTLY THE DUTIES OF ONE OR MORE SANCTIONED APPOINTMENTS IN ADDITION TO THE DUTIES OF HIS OWN APPOINTMENT.

161. A Local Government may appoint an officer to hold permanently two or more appointments at the same time if the aggregate remuneration does not exceed the maximum limit up to which it can increase an officer's remuneration. The salary of an officer appointed to officiate in two or more appointments which under due sanction have been combined as a single charge is calculated upon the pay fixed for the combined appointment, Article 162 being inoperative in such case.

Note.—[A Local Government may delegate its power under this Article to a Head of a Department in cases where he is competent to fill up the appointment.]

SECTION II.—AN OFFICER PERFORMING TEMPORARILY ADDITIONAL DUTIES WHICH ARE OUTSIDE THE DUTIES OF HIS OWN APPOINTMENT.

Performance of additional duties for which there are one or more sanctioned appointments.

162. A Local Government may, without the sanction of the Government of India, appoint one officer to hold substantively as a temporary measure, or to officiate in, two or more independent appointments at one time. In such cases, the emoluments are regulated as follows:—

(*i*) He draws the highest salary to which he would be entitled if he held, or, as the case may be, officiated in, any one of the appointments alone.

(*ii*) For the other appointment or appointments he draws such allowances as the Local Government may fix, not exceeding for each appointment half the salary which he would draw if he held, or, as the case may be, officiated in, it alone.

(*iii*) Provided that his aggregate salary shall not exceed the pay which he would draw in the most highly paid of the appointments, if he held it substantively and alone.

1. The Local Government may delegate its power under this Article to the Head of a Department or Commissioner of a Division.

2. The proviso in clause (iii) of this Article may be dispensed with if the Local Government declares that for special reasons (which shall be recorded) it is necessary on public grounds to entrust to the one officer the duties of the several offices at once, and that the salary to which he would be limited by this proviso is not enough.

Note.—[This Article does not apply to the allowance given to a Government officer for holding a Professorship or Lecturership in any Government institution conjointly with another office.]

162-A. Article 162 does not apply to the case of an officer discharging the duties of more than one appointment in the same office or on the same establishment. An officer so employed is entitled to the highest salary to which he would be entitled if he held or officiated in any of the appointments alone, and to nothing more.

Examples.—An Under-Secretary discharging the duties of a fellow Under-Secretary in the same office or department as well as his own.

A Joint Magistrate appointed, in addition to his own duties, to officiate as Magistrate of the District. In this case he gets allowances only as Officiating Magistrate.

A District Judge deprived of the help of an Additional or Assistant Judge, and therefore doing the Additional or Assistant Judge's work.

A Joint Magistrate doing the work of a second Joint Magistrate in the District as well as his own.

A subordinate doing the duties of another subordinate in the same office.

163. The allowances for his Civil duties of a Military Officer, appointed to officiate in a Civil office other than a Cantonment Magistracy without being relieved of his Military duty, are regulated in accordance with Article 162 and Rule 2 under it and are drawn in the Civil Department. If he has no substantive appointment in the Military Department, the pay of his rank is held to be his substantive pay for the purposes of Article 162.

Note.—[This Article does not apply to cases of Medical appointments falling under Article 171.]

164. An officer holding two or more independent appointments, to all or any of which a local or duty allowance is attached, will ordinarily draw the highest allowance (whether it is local allowance or duty allowance) attached to any one of the appointments. In case, however, the highest allowance is a local allowance, the difference between this and the highest duty allowance, if any, will be treated as a local allowance and the balance as duty allowance. But the Local Government may, for special reasons, allow him to draw all such allowances attached to the different appointments held by him.

Charge of Current Duties.

165. An officer appointed to be in charge of the current duties of an office in addition to his own duties may, if the charge in the opinion of the Local Government entails a substantial increase of responsibility and some additional work, be granted a charge allowance, to be fixed by the Local Government, not exceeding one-tenth of the pay of the office; provided that if the office is open to, and may in practice be held by, a member of the Indian Civil Service or a Military officer, the allowance shall not be less than Rs. 100.

Note.—[The Local Government may delegate its power under this Article to Heads of Departments.]

166. The salary of an officer appointed to be in charge of the current duties of an additional office shall never exceed the salary which he would receive for officiating in the office. One effect of this rule is that an officer is not entitled to any allowance for taking charge of an office the pay of which is not more than that of his own substantive office. But the Local Government may, for special reasons which shall be recorded, relax this restriction.

167. The amount of "charge allowance" has been fixed in the cases shown in Appendix 6.

168. (*a*) No allowance is admissible under Article 165 unless the incumbent has actually given over charge of the office under the orders of competent authority, and is absent on leave or deputation or is under suspension. For instance, no allowance is admissible to a subordinate officer empowered to dispose of routine business while his superior is on tour.

(*b*) But in the Northern India Salt Revenue Department, charge allowance is granted to an officer placed in charge of the current duties of an Assistant Commissioner's office during the absence of the incumbent on tour.

169. An officer placed in charge of the current duties of an office is not entitled to any local or duty allowances attached to the office, except under the special orders of the Local Government. (See also Article 1010.)

Note.—[The Local Government may delegate its power under this Article to the Head of a Department or Commissioner of a Division.]

169-A. The above rules in this Chapter do not apply to the special cases dealt with in the following Articles,—Articles 170 to 174,—for which special allowances are admissible.

SPECIAL CASES.

District Jail.

170. No allowance is admissible to a member of the Indian Civil Service, or to any officer holding an appointment ordinarily held by a member of that Service, or to a Superintendent of a Central Jail, for the executive charge, either permanently or temporarily, of a District Jail. Any other person, whether he does or does not hold any office under Government, if placed in executive charge of a District Jail, is entitled to an allowance on the following scale:—

1st class Jail	Rs. 150 a month.
2nd class Jail	Rs. 100 a month.
3rd class Jail	Rs. 75 a month.
4th class Jail	Rs. 50 a month.

Civil Surgeoncy.

171. A Regimental Medical Officer appointed to act as Civil Surgeon without relinquishing his Regimental duties is entitled to an allowance of Rs. 100 a month.

172. An officer in medical charge of a Civil station is entitled to an allowance of Rs. 100 a month for holding visiting charge of a second station.

Note.—[In Bengal the allowance may be Rs. 50 or Rs. 100 as the Local Government may fix.]

Medical Charge of Jails.

172-A. An officer appointed to the medical charge of a Central Jail when the administrative and medical charges are not united is entitled to an allowance of Rs. 100, or, in special cases at the discretion of the Local Government, Rs. 150.

Provided always that the aggregate cost for the administrative and medical charges shall not exceed the total pay payable for the combination of the two charges in one person.

Agricultural Appointments.

172-B. When a post specially reserved for, or usually filled by, an officer of the Indian Agricultural Service is vacant, the Local Government may appoint an officer of the Agricultural Service other than an Indian Agricultural Service Officer to hold charge of its current duties in addition to his own, and may in such cases grant an allowance not exceeding Rs. 50 a month.

Veterinary Appointments.

173. When a post specially reserved for, or usually filled by, an officer of the Imperial Civil Veterinary Service is vacant, the Local Government may appoint an officer of the Civil Veterinary Service other than an Imperial Civil Veterinary Service officer to hold charge of its current duties in addition to his own, and may in such cases grant an allowance not exceeding Rs. 50 a month.

Chapter IX.—For Chapter IX, the following shall be substituted, namely:—

"Chapter IX.—Joining Time.

SECTION 1.—GENERAL RULES.

175. Joining Time is the time allowed to an officer to proceed from one station to another when his appointment is changed, or when, being unemployed, he is appointed to any office, or to an officer returning from long leave out of India (whether combined with privilege leave or not), who is not entitled to subsidiary leave, to travel from the port of debarkation and reorganise his domestic establishment. In the latter case, the minimum Joining Time is 10 days. An officer is held to be on duty during Joining Time.

176. In cases involving a change of station, Joining Time is calculated as follows, subject to a maximum of thirty days:—

(*i*) Six days for preparation; and in addition thereto:—

For the prtion of the journey which the officer travels or might travel —		
By railway	250 miles.	a day for each.
By ocean steamer	200 „	or any longer time actually occupied in the journey.
By river steamer	80 „	
By motor car plying for public hire	80 „	
By mail cart or other public stage conveyance drawn by horses	80 „	
In any other way	15 „	

An extra day is allowed for any fraction of distance over that prescribed.

(*ii*) When part of the journey is by steamer, the days intervening between the officer being set free from his office, or, if he has no office, receiving his orders, and the departure of the steamer or his start duly regulated to catch the steamer, shall be added.

Note 1.—[Sundays are not included in the above calculations, though they are included in the maximum limit of thirty days.]

Note 2.—[A journey by road of five miles or under to or from a railway station from or to the point which may be prescribed under Article 998 does not count for joining time.]

Note 3.—[An officer whose salary does not exceed Rs. 100 a month should not ordinarily be required to travel by mail cart or other public stage conveyance drawn by horses.]

177. By whatever route the officer travels, his Joining Time shall, unless the Local Government specially permit otherwise, be calculated by the route which travellers habitually use.

Note.—[The Local Government may delegate its powers under this Article to Heads of Departments.]

178. (*a*) The Local Government may in any case extend the Joining Time admissible by rule provided the general spirit of the rules is observed.

(*b*) Within the maximum of thirty days, Heads of Departments and Commissioners of Divisions in the case of officers of Provincial Services and non-gazetted subordinates under their control, may extend the Joining Time admissible by rule—

(*i*) If the officer has been unable to avail himself of the usual mode of travelling, or if, notwithstanding due diligence on his part, the journey has occupied more time than is allowed by the rules—to the extent of the time actually taken:

(*ii*) if such extension is considered necessary for the public convenience or for the saving of public expense, as, for example, to prevent unnecessary and merely formal transfers—to the extent necessary:

(*iii*) if the rules have in any particular case operated harshly, as, for example, if an officer has through no fault on his part missed a steamer or fallen sick on the journey—to the extent necessary, on such conditions as to allowances or otherwise as the sanctioning authority may think fit.

Note.—[A Local Government may delegate the powers of Heads of Departments under clause (*b*) of this Article to other subordinate authorities in respect of non-gazetted officers serving under the latter.]

179. The Audit Officer shall move the Local Government to report to the Government of India any concession made under the preceding Article, which appears to him contrary to the spirit of the rules. The Local Government may not, finally, overrule the Audit Officer without a reference to the Governor General in Council.

SECTION II.—JOINING TIME ON FIRST APPOINTMENT OR TRANSFER.

180. Only one day is allowed for joining an appointment which does not necessarily involve a change of residence from one station to another.

Note.—[Sundays are included in the calculation of the joining time of one day admissible under this Article. An officer who gives over charge on Saturday forenoon must, therefore, take charge on Saturday afternoon, and an officer who gives over charge on Saturday afternoon, must take charge on Monday forenoon.]

181. If an officer is authorised under Article 53 to make over charge of an office elsewhere than at its headquarters, any Joining Time to which he may be entitled shall be reckoned from the place at which he actually makes over charge.

When Leave intervenes.

182. When an officer, after giving over charge of his office at one station on transfer, or reversion to another office, takes Privilege or Examination leave before joining the office to which he has been transferred, or to which he has reverted, or when an officer,

while on Privilege or Examination leave, is transferred to a station other than that from which he took leave, he is entitled to Joining Time in addition to his Privilege or Examination leave. The Joining Time of an officer transferred during Privilege or Examination leave will be counted from his old station, or from the place where he receives the order of transfer, whichever calculation would entitle him to the less Joining Time.

183. If an officer, during transit from one appointment to another, obtains Furlough on medical certificate (with or without Privilege leave prefixed), he may be allowed only the Joining Time calculated for the journey from his old station to the furthest place to which he has proceeded on his route to his new station.

Appointment Changed.

184. The Joining Time of an officer whose appointment is changed while he is in transit from one appointment to another begins on the day following that on which he receives his orders.

Allowances.

185. Except in the case mentioned in Article 188, an officer draws, during Joining Time, the pay or salary which he drew in his old appointment or that which he will draw on joining his new appointment, whichever is less: Provided that an officer transferred from one officiating appointment to another shall not draw any acting allowance during Joining Time if he had not a superior lien on either of the officiating appointments to that of the officer relieved by or relieving him. If the officer is entitled to tentage in his old appointment and tentage is also attached to his new appointment, he may draw tentage during Joining Time at the lower of the two rates. If the officer in his old appointment drew a local allowance granted on account of special expensiveness of living or unhealthiness of climate, in any district, province or locality, and the transfer is to another appointment within the same district, province or locality, he may draw the local allowance during Joining Time. Provided that, if the rates differ in the two appointments or parts of the local area, he may draw the lower rate only. If an officer drawing a duty allowance in one appointment is transferred to another appointment similarly carrying a duty allowance, he may draw the same during the period of transit provided that, if the rates differ, the allowance to which he is entitled is the lower of the two.

Note.—[An officer transferred from service under His Majesty's Government in the United Kingdom to service to which these Regulations apply draws, for the period of the voyage to India and from the date of debarkation to the date preceding that of assumption of charge, pay at the rate last drawn by him in his appointment under His Majesty's Government.]

186. When, under Article 182, an officer combines Privilege or Examination leave and Joining Time, his allowances during Joining Time,—that is to say for the period, not exceeding the Joining Time admissible by rule, in excess of his Privilege or Examination leave, during which he is absent from duty,—must be calculated at the rate at which Joining Time allowances would have been calculated if he had joined the office to which he is transferred directly.

187. If a member of the Indian Civil Service, on first arrival in India, is unable, from illness, to proceed to the seat of the Government to which he is attached or to any other station to which he is ordered to proceed direct, the Local Government in whose jurisdiction he is, may, on medical certificate, grant him a subsistence allowance of Rs. 250 a month for not more than two months. Time thus spent is not Active Service.

188. An officer who is not in the Indian Civil Service or in the Army, and who has no substantive appointment, is not entitled to any allowance during Joining Time; but if such an officer officiating in an office is transferred to another office under the same Local Government, the officer who orders the transfer may allow him to draw, during his transit, the allowance to which he would be entitled under the first sentence of Article 185.

Note.—[A Provincial Government may issue general orders applicable to officers of any particular class holding no substantive appointment, permitting them to draw the allowances admissible under the first sentence of Article 185, when transferred from one office under it to another.]

Exceeding Joining Time.

189. An officer who does not join his new appointment within his Joining Time is entitled to no allowances after the end of his Joining Time, and after a week ceases to have a lien on any appointment. But if the authority making the appointment considers that his default was due to circumstances beyond his control, it may exempt him from the loss of his appointment.

Note.—[The expression "allowances" in this Article does not include travelling allowance.]

Ministerial Officers.

190. A ministerial officer transferred to service in another office is entitled to Joining Time under the rules in this Chapter and his service for leave and pension is not interrupted. But unless his transfer has been ordered for the public convenience he is not entitled to any allowances during Joining Time and the Joining Time does not count as service for leave or pension.

Note 1.—[A transfer at the officer's request for his own advantage or in consequence of any fault on his part is not a transfer for the public convenience within the meaning of this Article.]

Note 2.—[The procedure laid down in Article 1099 should be followed when an officer is transferred otherwise than for the public convenience.]

SECTION III.—JOINING TIME ON RETURN FROM LONG LEAVE OUT OF INDIA.

190-A. (*a*) An officer returning to India, without the permission of the authority which granted him leave, more than fourteen days before the end of his leave, is not entitled to Joining Time, save under the special orders of the Local Government.

(*b*) An officer, serving in Persia or Arabia, reckons such Joining Time from the port or frontier town by which he returns to the country. The date of arrival at such port or frontier town must be certified by the British Consul, or, if there be no British Consul, by the officer himself.

(*c*) An officer either of the Persian or the Persian Gulf Section of the Indo-European Telegraph Department, who returns from leave by an Indian port, whether it be Karachi or Bombay, may reckon Joining Time from such port.

190-B. During Joining Time granted to an officer returning from long leave out of India he is entitled to allowances as follows:—

(*a*) If the leave from which the officer returns was (*i*) furlough other than furlough on average salary or (*ii*) extraordinary leave granted in extension of furlough for a period not exceeding 14 days, the officer retaining a lien on his substantive appointment, he is entitled to the allowances which he would have drawn for the last day of his furlough had that day been spent on furlough in Asia. These allowances are subject to no maximum if the officer is a member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules. Otherwise they are subject to the maxima prescribed for allowances during leave spent in Asia. If the furlough was furlough on average salary under Article 316-A or 325-A, the allowances admissible are as for furlough on half average salary.

(*b*) If the leave from which the officer returned was extraordinary leave and the conditions of clause (*a*) (*ii*) are not fulfilled, a member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules is entitled to subsistence allowance and other officers to no allowance."

Article 197 (Chap. XI).—For clause (*b*) of Article 197, the following shall be substituted, namely:—

" (*b*) The Local Government may refuse to grant the full amount of leave applied for in any case, and should, by the exercise of this power, so regulate the date of an officer's return from leave as to cause as little change as possible in administrative arrangements.

Local Governments should not grant leave of any description to an extent which would unduly deplete the strength of a service or department available for active duty. Consequently, when the duty strength has been reduced to a point which, in the opinion of the Local Government, is for the time being an essential minimum, no further leave of any description should be given save in cases of the most absolute necessity, such as sickness or most urgent private affairs, until the strength available for duty has increased. In applying this principle, Local Governments may take into special consideration the case of officers who apply for privilege leave in India, for, as they can be readily recalled if necessary, they stand on a different footing to officers who are out of convenient reach.

...

1. The Local Government may lay down such conditions as it may consider administratively desirable to check any undue frequency of leave in the case of officers holding isolated appointments not filled by members of a regularly organised service.

2. When the cadre of a service includes provision for appointments under the Government of India or in another province, the Local Government should take particular care that the needs of other Governments are properly complied with."

Article 199.—For Article 199, the following shall be substituted, namely:—

" 199. An officer who is recalled to duty before the expiry of leave of any kind, if the return to duty is optional, is entitled to no concession. If the return to duty is compulsory, he is entitled—

(*a*) if the leave from which he is recalled is out of India—

(*i*) to the concessions in Articles 8 (iii) and 1127 subject to the conditions and limitations specified therein; and

(*ii*) to leave allowances during the voyage to India; and for the period from the date of landing in India to the date of joining his appointment, to the joining time allowance which he would have drawn had he not been recalled but simply returned on the termination of his leave:

(*b*) if the leave from which he is recalled is in India—

(*i*) to the concessions in Article 1127 subject to the conditions and limitations specified therein; and

(*ii*) to be treated (if the recall is from leave other than privilege leave) as on duty from the date on which he starts for the station to which he is ordered, but he is entitled until he rejoins his appointment to draw leave allowances only.

Note.—[All orders recalling an officer before the expiry of his leave should distinctly state whether the return to duty is optional or compulsory. Orders recalling an officer from leave out of India should be communicated to him officially through the Secretary of State.]

Article 200.—For Article 200, the following shall be substituted, namely:—

" Employment during Leave.

200. An officer who is on leave may not take service, or accept any employment which involves the receipt of a fee or honorarium, without obtaining the previous sanction of—

(*i*) the Secretary of State, if the officer is residing in Europe, North Africa, America or the West Indies; and

(*ii*) the Government of India, or the Local Government under which he is employed, as the case may be, if he is residing in India or in any place out of India not mentioned in clause (*i*); provided that when the officer is non-gazetted and is resident in India, the special permission of the officer empowered to appoint him is sufficient authority for the acceptance of such employment.

Permission under clause (*ii*) above should not, however, be granted by the Local Government to an officer of the Imperial Service without previous reference to the Government of India.

Note.—[This Article does not apply to the acceptance of fees for literary work or for service as an examiner or to similar employment. Nor does it apply to acceptance of foreign service during leave, which is governed by Article 761 of these Regulations.]"

Article 200-A.—For Article 200A, the following shall be substituted, namely:—

" 200A. Time spent on duty in any part of Asia under Articles 85 and 85A counts for leave in the absence of special directions to the contrary. Time spent on duty in any other place out of India is not an interruption of service, for leave, but it does not, without the special sanction of the Secretary of State, count as service for leave."

Article 201.—For the Note under Article 201, the following shall be substituted, namely:—

"*Note.*—[The rules providing for the grant of leave to an officer who has a temporary or officiating appointment only are contained in Articles 242 and 320 (*b*).]"

Article 202 (a).—For lines 2-3 of clause (ii) of Rule 1 under Article 202 (*a*), the following shall be substituted:—

" and, if necessary, furlough on medical certificate, not more than 6 months of such furlough carrying allowances."

For the words " Leave on medical certificate " in Note 2 under the Article, the word " Furlough " shall be substituted.

Article 202 (c).—The words " and sub. *pro tempore* Sub-Deputy Collectors " in lines 2-3 of sub-clause (1) of Article 202 (*c*) shall be deleted.

For the words " probationary, officiating or sub. *pro tempore* Deputy Collectors or Sub-Deputy Collectors " in lines 3-4 of Note 1 under Article 202 (*c*), the words " probationary or officiating Deputy Collectors or Sub-Deputy Collectors " shall be substituted, and the words " or substantive *pro tempore* " after " officiating " in the last line of Note 3 under the Article shall be deleted.

Articles 211—213.—For Articles 211—213, the following shall be substituted, namely:—

"211 Except as provided in Article 212, an officer on furlough under the European Service Leave Rules or the Indian Service Leave Rules has a lien on his substantive appointment or on a substantive appointment of a like character and not less pay. He has no lien on an acting appointment.

212. A member of the Indian Civil Service or a Military officer subject to the Civil Leave Rules has no lien on any appointment during any period of furlough during which he is entitled to draw subsistence allowance only.

213. An officer, during joining time on return from long leave out of India, has or has not a lien on an appointment according as he has or has not such a lien on the last day of the leave immediately preceding the joining time."

Article 214.—For Article 214, the following shall be substituted, namely:—

"214. An officer on leave may not surrender his lien on his substantive appointment, and, except as provided in Articles 89 and 90, a Local Government may not fill up substantively, even for a time, the appointment on which an officer has a lien, without transferring him to another substantive appointment which, save in cases of misbehaviour or inefficiency, must be one of not less pay than his standing in the regular line would justify."

Article 215.—For Article 215, the following shall be substituted, namely:—

"215. Except as provided in Articles 202 (*a*) and 320 (*b*), an officer cannot obtain furlough unless he has a substantive appointment.

Note 1.—[A Military officer who has officiated continuously in the Civil Department for at least 3 years is an officer with a substantive appointment for the purposes of this rule.]

Note 2.—[A Military officer holding the appointment of Commandant or Adjutant of the Burma or Assam Police Battalions retains a lien on his appointment while on furlough under the Military Leave Rules to which he is subject.]"

Article 220.—For the first sentence of Article 220, the following shall be substituted, namely:—

"Ordinarily leave begins on the day on which transfer of charge is effected, or, if charge is transferred after noon, on the following day; similarly leave other than long leave out of India ordinarily ends on the day preceding that on which charge is resumed, or, if charge is resumed after noon, on that day."

Article 221.—For Article 221, the following shall be substituted, namely:—

"221. Long leave out of India ends on, and includes, the day before the arrival at the port where the officer last quits it of the vessel in which he returns, and joining time begins the day after.

Note.—[The day of arrival of the vessel in which the officer returns is the day on which the vessel reaches her moorings or anchorage in port.]"

Article 222.—The words "or Special leave" in line 1 of Article 222 shall be deleted.

Article 226.—The words "or subsidiary leave affixed thereto" after "Long Leave" in line 1 of Article 226 shall be deleted.

Article 227.—For the words "as for subsidiary leave on return from furlough" in the last line of Article 227, the words "as for joining time on return from furlough out of India" shall be substituted.

Article 229.—For Article 229, the following shall be substituted, namely:—

"229. An officer who remains absent after the end of his leave is entitled to no allowance for the period of such absence, and ceases to have a lien on any appointment,—

(*i*) if his leave was Furlough without Medical Certificate,—immediately, and

(*ii*) if it was Furlough on Medical Certificate or Vacation or Privilege Leave, —after a week. In the case of officers to whom exception (*ii*) under Article 251 applies, the week commences from the end of the fifteen days mentioned therein.

Note 1.—[This Article does not affect the liability of an officer overstaying leave to forfeit past service under the rule in Article 420 (*b*).]

Note 2.—[Short extensions of leave may be granted retrospectively in India to officers who under certain specified circumstances overstay their leave. See Article 299 (*c*).]"

Article 230.—For the second sentence of Article 230, the following shall be substituted, namely:—

"The Local Government may authorise the payment to an officer subject to the Indian Service Leave Rules of as much as it thinks fit of any joining time allowances to which he would have been entitled under Article 190-B if he had not remained absent after the end of his furlough."

Section VI of Chapter XI.—For Section VI of Chapter XI, the following shall be substituted, namely:—

"SECTION VI—COMBINATION AND EXTENSION OF LEAVE.

232. The authority which has the power to sanction leave may—

(1) grant to an officer any kind of leave admissible under these Regulations (including extraordinary leave without allowances) in combination with any other kind of leave so admissible;

(2) grant to an officer any kind of leave admissible under these Regulations in continuation of leave of any other kind already taken;

(3) commute the whole or any portion of any leave granted under these Regulations retrospectively into any other kind of leave which was admissible when the original leave was granted; and

(4) commute retrospectively periods of absence without leave into leave without allowances (*see* Article 421).

1. Extraordinary leave without allowances cannot be converted retrospectively into furlough on medical certificate, but furlough may be given on medical certificate in continuation of extraordinary leave without allowances.

2. Leave granted to a Military Officer subject to the Military Leave Rules may be retrospectively commuted by the authority which granted it to any other kind of leave which the said authority would have been competent to allow when the original leave was sanctioned. When the privilege leave of such an officer is on medical certificate retrospectively changed for furlough out of India so much of the leave passed before the departure of the vessel in which the officer sails may be treated as subsidiary leave under clause (1) of Article 321 (*a*) as it stood prior to 29th July 1920 as might have been granted as subsidiary leave if the officer had originally obtained furlough and not privilege leave, notwithstanding that a portion of such retrospective furlough has been passed in India.

233. (*a*) Except when furlough is extended on medical certificate or extraordinary leave is granted in continuation of other leave, the total leave enjoyed by an officer at one time shall not exceed two years.

(*b*) The total period for which Military Officers in civil employ who are subject to the Military Leave Rules may be absent from duty is regulated by the rules in Army Regulations and not by this Article.

Note.—[Extensions of furlough, see Article 299.]

SECTION VII—LEAVE AFTER COMPLETION OF TERM OF SERVICE.

234. (*a*) The limitations affecting members of the Indian Civil Service, whose term of service is complete, are prescribed in Article 555, and those affecting Military Officers in Article 620.

(*b*) In the case of other officers the Local Government may grant on the attainment of 55 years of age such leave as is necessary for the purpose of breaking up establishments and proceeding to the port of embarkation or frontier town by which he quits the country; or in exceptional cases, when leave has been deferred in the public interest, may in its discretion grant leave extending to not more than 6 months beyond an officer's fifty-fifth birthday; or may grant leave for not more than six months in all to an officer who is being retained in the service after the age of 55 years. The leave granted must be of a kind which is due and not in excess of the amount at credit.

Save as above stated, all leave expires on the date of attaining 55 years and no fresh leave may be granted.

1. In the case of an officer of the Persian or Persian Gulf Section of the Indo-European Telegraph Department, who proceeds *via* an Indian port, the words "port of embarkation" in clause (*b*) of this Article shall be read as meaning the Indian port.

235—240. *Cancelled.*"

Article 241 (Chapter XII).—For Article 241, the following shall be substituted, namely:—

"241. The rules in this Chapter regulate the Short Leave of all officers in Civil employ (whatever may be the rules to which they are subject in regard to other leave) except:—

(*a*) The Governor-General, Governors, Lieutenant-Governors, and Members of Council (see Chapter XXII).

(*b*) Judges of High Courts (see Chapter XXIII).

(*c*) Barristers holding the appointments referred to in Chapter XXIV except as stated in that Chapter.

(*d*) Ecclesiastical officers appointed before 29th July 1906. But Articles 279 and 280 do apply (see Chapter XXVII).

(*e*) Law officers, except as stated in Chapter XXXI.

(*f*) State Railway Establishments, except as stated in Chapter XXXII.

(*g*) Port Blair Police (see Chapter XXXIV).

(*h*) Calcutta and Suburban Police Forces (see Chapter XXXVI).

1. Medical Storekeepers to Government are subject to these Regulations as regards Privilege leave, but as regards other leave they remain subject to the Leave Rules, Military or Civil, under which they were serving at the time of their transfer to the Medical Store Department."

Article 246.—For Article 246, the following shall be substituted, namely:—

"246. The amount of Privilege leave earned by an officer is one-eleventh part of the time during which he has been on duty without interruption: Provided that no Privilege leave can be earned by an officer by duty performed while four months' such leave is due to him, and that, whenever duty is interrupted, all claim to Privilege leave earned theretofore is forfeited. Absence on Privilege leave, though not counting as duty, is not an interruption of duty within the meaning of this Article."

Article 249.—Article 249 shall be cancelled.

Article 251.—For Article 251, the following shall be substituted, namely:—

"251. The amount of Privilege leave admissible at one time is limited to four calendar months.

Exception.—Officers stationed in the Andamans and Nicobars or Nepal; officers stationed in Persia at places such as Ahwaz and Kermanshah, and in the Persian Gulf or at Maskat and Baghdad, Gyantse or in Chumbi; Indian officers and men of the Assam Rifles stationed at Kohima, Aijal and Imphal; and European officers in Burma who take Privilege leave by itself and spend it out of Burma or India, are allowed, on each occasion when they may wish to take Privilege leave, the option between the following two courses, namely—

(*i*) to accumulate Privilege leave up to four months and fifteen days;

(*ii*) to overstay any Privilege leave due by fifteen days without forfeiting pay or appointment: Provided that, in the case of such overstay, the officer shall not begin to count service towards future Privilege leave until he shall have served a period of time proportionate to the amount of overstay,—that is, eleven times the period of overstay."

Article 253.—For "Articles 246 and 260" in line 2 of Article 253, "Article 246" shall be substituted.

Articles 260—270.—For Articles 260 to 270, the following shall be substituted, namely:—

"Condition of Grant.

260. Subject to the exigencies of the public service, an officer may be granted the whole or any part of the Privilege leave due to him.

Leave Allowances.

261. Except as provided in Articles 266, 271 and 275, an officer on Privilege leave is entitled to a leave allowance equal to the salary which he would receive if he were on duty in the appointment on which he has a lien, and he is entitled to this allowance even though another officer be appointed to act for him.

Note 1.—[The term "salary" in this Article includes a duty allowance attached to the appointment on which the officer has a lien.]

Note 2.—[An officer on Privilege leave may draw a deputation (duty) allowance provided that he would have continued to draw the allowance had he not proceeded on leave and that it is intended that he shall return to the special temporary duty at the end of the leave.]

262. *Cancelled.*

263. An officer who has no lien on an appointment is entitled, during Privilege leave,—

(*i*) in the case of a member of the Indian Civil Service or a Military officer subject to the Civil Leave Rules—to Subsistence allowance;

(*ii*) in the case of any other Civil officer—to no allowance.

Exception.—Officers of the Indian Medical Service who have rendered not less than 3 years' officiating service but have not yet been confirmed in a civil appointment may draw, during Privilege leave, when they have no lien on any appointment, the allowances that would be admissible under the military leave rules.

264. *Cancelled.*

265. If an officer, on transfer from one appointment to another, obtains Privilege leave without joining his new office, his leave allowance shall not be less than it would have been if he had joined his new office before taking leave, provided that the rate of pay attached to the new appointment is not different from and higher than the rate of pay attached to the old appointment. Where, however, the transfer involves an increase in the officer's duties or responsibilities, and is to an office on a different and higher rate of pay from that drawn by the officer in the old office, the officer shall not draw the higher rate of salary until he actually joins his new office.

Example.—The rate of pay drawn by a Collector and by an Accountant General is different from and higher than the rate of pay drawn by a Joint Magistrate or by an officer in Class I of the Indian Finance Department respectively.

266. An officer who holds an appointment of the kind specified in Article 76-B sanctioned for not more than six months is not entitled, during Privilege leave, to the special rate of pay of, or any special allowance attached to, the appointment.

Local Allowances or Deputation (Local) Allowances how affected.

267. (1) A local allowance attached to an appointment may not be drawn by an officer on Privilege leave unless he has a lien on the appointment, and

(2) A deputation (local) allowance drawn by an officer before going on Privilege leave may not be drawn by him during the leave unless he would have continued to draw it had he not proceeded on leave and unless it is intended that he should return to the special temporary duty at the end of the leave.

268. Provided that the conditions laid down in Article 267 are fulfilled,—

(*a*) The house rent attached to his appointment may be drawn by an officer on Privilege leave if he places his house at the disposal of the officer, if any, who officiates for him. The officiating officer cannot in such cases draw the house rent attached to the appointment. But if the officiating officer for a reason which the Local Government considers sufficient refuses the accommodation placed at his disposal, the allowance is to be drawn by him and not by the absentee.

Exception.—This rule does not apply to the Calcutta, Bombay and Rangoon House Rent Schemes, which are governed by special rules.

(*b*) A local allowance given on account of the expensiveness of the locality or duty may be drawn by an officer on Privilege leave if the officer continues to incur the expenditure to meet which the allowance was sanctioned. The fact that the expenditure continues during Privilege leave should be certified in writing by the officer himself if he is a gazetted officer, by the head of the office in the case of a non-gazetted officer and by the immediate superior in the case of a non-gazetted officer who is himself the head of an office.

(*c*) Any other local allowance may be drawn by an officer on Privilege leave under rules framed by the Local Government.

Note 1.—[The local allowances known as Burma, Assam and Baluchistan allowances, and the local allowances drawn by certain Executive and Assistant Engineers in Sind, the Punjab and the North-West Frontier Province, may continue to be drawn by officers on Privilege leave, provided that the grant of leave does not necessitate the transfer within the limits of the Province of an officer from outside the Province. For the purposes of this rule the Punjab and the North-West Frontier Province whose Irrigation Departments are manned from a single cadre may be regarded as one Province.]

Note 2.—[Provincial Forest officers and Executive officers serving in the Andamans who are recruited from Burma draw their local allowances while on Privilege leave.]

269—270. *Cancelled.*"

Section III of Chapter XII.—For Section III of Chapter XII, the following shall be substituted, namely:—

"SECTION III—GRANT OF PRIVILEGE LEAVE TO OFFICERS ENTITLED TO REGULAR VACATIONS.

271. Privilege leave is not admissible to officers serving in departments in which regular vacations are allowed, during which the officers are permitted to be absent from duty, as Judicial Officers (other than District and Sessions Judges), Educational Officers, Officers in a High Court. But in case of urgent necessity and subject to the exigencies of the public service, Privilege leave may be granted to any such officer under the ordinary rules, provided that the officer shall during his absence receive only half the salary and allowances ordinarily admissible during Privilege leave.

Note.—[The rule in this Article does not apply to the Judicial Commissioners and Additional Judicial Commissioners of Oudh, Sind and the Central Provinces in cases where the conditions of Note 1 to Article 277 are satisfied.]

272. The preceding Article does not apply to an officer who is by general or special orders issued by competent authority prevented in any year from availing himself of the vacation or vacations by reason of his having to remain at his post on duty. To such an officer Privilege leave may be granted under the ordinary rules.

Note.—[In the case of every officer to whom Articles 271 and 272 apply, the presumption is that he will avail himself of the vacation. No certificate of title to Privilege leave, except the leave "in case of urgent necessity" under Article 271, can be given for the period of service rendered between two vacations, until the second vacation expires. If, however, the conditions required by this Article or by Article 273 to render an officer eligible for Privilege leave under the ordinary rules are subsequently fulfilled in respect of the second vacation, any Privilegé leave which may have been granted on half salary under Article 271, in consequence of the presumption that the officer would avail himself of the vacation, may be commuted into Privilege leave on full salary. Privilege leave on full salary may be combined with Privilege leave on half salary, to the extent due, granted under Article 271.]

273. An officer whose work requires him to be present at his station for a portion of the vacation is eligible for Privilege leave under the ordinary rules, provided he has not been absent from his station except on duty for more than fifteen days of the vacation. If he has been absent for more than fifteen days except on duty, his title to Privilege leave is regulated by Articles 271 and 274. Any such officer applying for Privilege leave must attach to his application a certificate either—

(*i*) that he was not absent from his station for more than fifteen days, or

(*ii*) that he was absent from his station for a specified number of days exceeding fifteen,

in any of the vacations included in the period of service by which the Privilege leave claimed has been earned.

274. An officer who is, by general or special orders issued by competent authority, prevented from availing himself of a part only of a periodical vacation, may, during Privilege leave subsequently taken, draw his full salary for a period bearing the same proportion, if the vacation be annual, to a month, or if it be half-yearly to half a month, as the time spent on duty during the vacation bears to the whole vacation.

275. An officer transferred from a non-vacation to a vacation department can take the Privilege leave which was at his credit at the time of such transfer: provided that the allowances during such Privilege leave shall not exceed the allowances which would have been admissible if he had taken the leave immediately before being transferred.

276. (*a*) An officer transferred from a vacation to a non-vacation department counts his service for Privilege leave under the ordinary rules from the date on which the last vacation in the former department ended.

(*b*) If, however, he had at his credit at the time of his transfer anl Privilege leave on full salary admissible to him under Articles 272 to 275, the amount of such Privilege leave shall be added to the Privilege leave calculated under clause (*a*) above.

276-A. The reckoning under Articles 275 and 276 shall not in any case extend backwards over an interruption of duty.

277. The foregoing rules do not apply to District and Sessions Judges: to them Privilege leave is granted under the ordinary rules.

Note 1.—[The rule in this Article has been extended to the Judicial Commissioners and Additional Judicial Commissioners of Oudh, Sind and the Central Provinces for such time as the Court of the Judicial Commissioners in each case consists of not less than three Judges and provided the Court's annual vacation does not exceed one month.]

Note 2.—[The provisions of this Article also apply to Sessions and Subordinate Judges in the United Provinces and to Assistant Judges with full powers and Joint and Additional Sessions Judges in the Bombay Presidency.]

278. Officers, whose Privilege leave is regulated by the rules in Articles 271, 272, 273, 274, 275 and 277, may combine vacation with Privilege or other leave [whether taken by itself or combined under Article 232 (1)] either at the beginning or end thereof. Provided that:—

(1) No additional expense is incurred by the State for the period of the vacation;

(2) Vacation is not both prefixed and suffixed to leave; and

(3) When vacation is taken in conjunction with Privilege leave, whether taken by itself or in combination with other leave, the total period of Privilege leave and vacation should not together exceed four months.

1. Proviso (3) is not applicable to officers coming under Article 277, when vacation is combined with Privilege leave taken by itself."

Article 281.—For the second sentence of Article 281, the following shall be substituted, namely:—

"This leave may be affixed or prefixed to (1) Privilege leave, (2) Furlough or (3) Privilege leave and Furlough combined under Article 232, provided that in the case of (2) and (3) the whole period of absence shall not exceed two years, exclusive of any joining time taken at the end of Furlough."

Article 287.—For the word "Managers" in the penultimate line of Article 287, the word "Agents" shall be substituted.

Article 288.—For Article 288, the following shall be substituted, namely:—

"288. A Police officer enrolled under any Act of the Legislature (not being a member of the Andaman and Nicobar Military Police) whose pay does not exceed Rs. 25, or if he be a member of the Madras, Bombay, Calcutta or Rangoon City Police Forces, Rs. 30, or an officer of the Northern India Salt Revenue Department, or of the Madras Salt and Abkari Department, or of the Customs Department in the out-ports and land customs stations in the Madras Presidency, or of the Bengal Excise and Salt Department or of the Bihar and Orissa Excise and Salt Department, or of the Bombay Salt and Abkari Departments (including officers of the Opium Preventive Service), whose pay does not exceed Rs. 20, or an orderly, warder or a head warder of the Jail Department on a pay not exceeding Rs. 35 a month in Burma or Rs. 25 a month in any other province, or a head warder or warder of a Lunatic Asylum whose pay does not exceed Rs. 20 in the Central Provinces or in any other province where the Local Government extends the concession of this Article to this class of officers, or a matron of the Jail Department whose pay does not exceed Rs. 20 a month, or a Forest subordinate (not being a clerk) whose pay does not exceed Rs. 25 a month if employed elsewhere than in Burma, the North-West Frontier Province and Baluchistan or Rs. 30 a month if employed in Burma or the North-West Frontier Province, or a Deputy Ranger employed in Baluchistan whose pay does not exceed Rs. 40 a month, may, while sick in hospital or while receiving medical aid as an out-door patient at the station or headquarters of the district in which he serves, be allowed, at the discretion of the sanctioning authority, leave of absence from duty for six months altogether in any period of three years. Such leave may be taken in one period or by instalments and may be followed by, or taken in continuation of, any other leave admissible under these Regulations. For the first three months of such leave the officer may receive full pay, and for the remaining three months half pay, without the restriction that no extra cost shall be imposed upon the State: Provided always that this concession shall be confined strictly to cases in which illness shall be certified not to have been caused by irregular or intemperate habits.

Note 1.—[An officer on leave under this Article may, for the first three months of such leave, during which full pay is admissible, retain any local or duty allowance attached to his appointment: Provided in the case of a local allowance that there is no *locum tenens* to whom it is payable.]

Note 2.—[Constables of the Bombay City Police and policemen in the Bombay Presidency while on leave under this Article may draw the house-rent allowance admissible to them, provided it is not paid to their substitutes.]

Note 3.—[This Article so far as it applies to head warders or warders includes both female and male warders.]"

Article 288A.—For the heading "School Mistresses" above Article 288-A., the heading "Female Educational Officers" shall be substituted.

Article 289.—For "Articles 246 and 260" in line 11 of Article 289 "Article 246" shall be substituted.

Article 294.—For Article 294, the following shall be substituted, namely:—

"294. Labourers in the Presidency Public Works Workshops, Madras, the Government Public Works Workshops at Lowlaishwaram and Bezwada, the Public Works Stores at Madras and in the Pumping Station at Divi, employed on daily wages, and labourers working under the Electrical Engineer to the Government of Madras whether paid on the daily or monthly wages system, provided that they are

in regular employ and not merely casual labourers, when temporarily absent from work in consequence of injuries sustained on duty, may, on production of a medical certificate, signed by a properly qualified officer of Government, recommending their absence from work, be granted, under the special orders of the Superintendent or officer in charge, allowances not exceeding those sanctioned in Article 666 for labourers in State Railway Workshops."

Article 295.—For the words "leave under Article 336" in the last line of Rule 1 under Article 295, the words "leave under that Chapter" shall be substituted.

Chapter XII-A.—After Chapter XII, the following shall be inserted as Chapter XII-A. :—

"Chapter XII-A.—Long Leave—General Rules.

SECTION I.—EXTENT OF APPLICATION.

297. The rules in this Chapter apply to all officers subject to the rules in Chapters XIII and XIV.

298. *Omitted.*

SECTION II.—EXTENSION OF LEAVE OUT OF INDIA.

299. (*a*) An officer absent on long leave in Europe, North Africa, America or the West Indies, who wishes to have his leave extended or commuted, must apply to the Secretary of State about three months before the expiration of his leave, and, unless the extension is desired on medical grounds, or is for a period of not more than 14 days, he must produce with his application evidence that the Local Government has been referred to by him and has no objection to the extension or commutation desired.

If on medical grounds the officer desires an extension for more than 14 days, he must satisfy the Medical Board at the India Office of the necessity for the extension. If application for extension be delayed until the last two months of leave, advice of any extension granted for a period of more than seven days will be sent to India by telegraph and the cost of the telegram will ordinarily be charged to the officer.

If the officer has been granted furlough on medical certificate and desires an extension on grounds other than medical, he must satisfy the Medical Board as prescribed in Article 224 that he has recovered his health. Any such extension without medical certificate will only be admissible if the extension was due at the time the original furlough was granted.

1. In the case of a Commissioned Medical Officer the Local Government should make a reference to the Director General, Indian Medical Service, before granting the permission.

(*b*) The Secretary of State reserves to himself the power of granting extension or commutation of leave to an officer in any case in which it appears to him that sufficient ground has been shown for the application being made without the previous approval of the Local Government, but in the event of it being found necessary by the Secretary of State to telegraph to India in regard to any such application, the cost of the telegrams to and from India will be charged to the applicant.

Note.—[The Secretary of State in granting extension of leave sometimes declines to guarantee retention of appointment, if there is no time to communicate with the Local Government in India.]

(*c*) The authority in India, by which the leave was originally granted, is empowered, in any case in which it is satisfied that the non-return of an officer within the period of his leave was due to circumstances beyond his control and of such a nature that an application to the Secretary of State for an extension was impossible before embarkation, or that non-return was for administrative convenience, to sanction retrospectively extension of furlough or leave up to a maximum period of 14 days. It is also empowered in the case of an officer returning from furlough on medical certificate to sanction an extension, if the circumstances seem to require it, up to a maximum of 14 days inclusive of any short extension that may have been granted by the Secretary of State.

Note 1.—[Extensions of furlough up to a maximum of 14 days granted under this clause are not limited by the provisions of Article 233, and may be granted whether the furlough be due or not and in excess of the six months admissible under Article 302.]

Note 2.—[This Article applies to Military Officers subject to the Military Leave Rules.]

300. An officer on long leave in any place out of India not mentioned in Article 299 (a) who wishes to have his leave extended or commuted must apply three months before the expiry of the leave to the authority in India which granted it. Whenever leave is extended or commuted under this Article, the fact should forthwith be notified by the Audit Officer to the Government of India in the Finance Department in order to its being communicated to the Secretary of State with a view to the payment by Colonial Treasurers or Staff Officers being checked.

Note.—[This Article applies to Military Officers subject to the Military Leave Rules.]

SECTION III.—FURLOUGH.

301. Subject to the provisions of Article 233, furlough for not more than two years at a time may be granted to an officer as follows:—

(*a*) On medical certificate—unconditionally; see Articles 828 to 834.

(*b*) Without medical certificate—subject to the condition that the furlough is 'due'.

302. In respect of urgent private affairs, an officer may be granted furlough for a period exceeding the amount 'due' to him, provided that furlough which is not 'due' shall not be granted for a period exceeding 6 months at one time or 12 months in his whole service. An officer who has enjoyed furlough under this Article may not again be granted a furlough on the same condition until the furlough earned by him after his return to duty exceeds so much of the furlough granted under this Article as was not 'due'.

303. If in the interests of the public service all applications for furlough cannot be complied with, the Local Government will have full discretion in deciding which should be granted, and in so doing it may take into consideration the following circumstances:—

(1) The officers who can for the time being best be spared.

(2) The furlough due to the various competing applicants.

(3) The amount and character of the previous continuous active service that they have rendered.

(4) The fact that an officer was compulsorily recalled from the leave last enjoyed by him.

(5) The fact that an officer has been refused leave in the public interests.

304. (*a*) On medical certificate furlough may be extended to a total period not exceeding three years.

(*b*) Otherwise than on medical certificate furlough may be extended to a total period not exceeding two years, provided that—

(*i*) when furlough is combined with other leave, the total period of leave granted shall not exceed two years, and

(*ii*) the furlough granted under Article 302, which is 'not due', shall not exceed six months.

305. *Cancelled.*

SECTION IV.—EXTRAORDINARY AND CASUAL LEAVE.

306. (*a*) Subject always to the provisions of any Statute applicable to the case, the authority competent to grant leave may, in special circumstances and when no other kind of leave is by rule admissible, grant leave of absence from duty otherwise than under these Regulations: provided that:—

(*i*) an officer absent from duty on leave so granted shall receive no absentee allowance; and

(*ii*) if he is a member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules, he shall retain no lien upon any office except when the extraordinary leave does not exceed a fortnight.

(*b*) No officer is entitled to extraordinary leave, but subject to the provisions of Article 198, there is no limit to the length or frequency of leave under this Article.

1. The Local Government may for special reasons dispense with the ordinary condition that extraordinary leave can be granted only when no other kind of leave is by rule admissible.

307. A Military Officer subject to the Civil Leave Rules, who has exhausted the full period of furlough admissible to him under these Regulations and who is granted extraordinary leave on medical certificate, will continue to be treated as wholly in the Civil employ for all purposes, with the exception that, if the Medical Board at the India Office report that there is no prospect of the officer returning to duty within a reasonable period, he will be placed on Military half-pay. If an officer thus placed on half-pay is afterwards permitted to revert to the effective list and returns to duty in India, he will not be entitled to be reinstated in Civil employment, but will be posted to Civil or Military duty as may be decided in India.

308. Articles 306 and 307 do not refer to casual leave for short periods. Such leave is not recognised and is not subject to any rule. Technically, therefore, an officer on casual leave is not treated as absent from duty, and his salary is not intermitted. Casual leave, however, must not be given so as to cause evasion of the rules regarding—

(*i*) Date of reckoning allowances } see Articles 52—55,
(*ii*) Charge of office
(*iii*) Commencement and end of leave } see Articles 220—231,
(*iv*) Return to duty

or so as to extend the term of Privilege or other leave beyond the time admissible by rule.

309. Article 308 is not to be read as precluding the treatment as casual leave of absence from duty following on leave granted under the rules, so long as such absence is due to reasons involving no evasion of the rules in regard to the matters above specified, as for instance, when it is necessitated by—

(1) detention in plague camps on the way to rejoin, or

(2) orders not to attend office in consequence of the presence of infectious diseases in the family or household of the person concerned.

When, however, absence from duty for reasons of the nature above indicated exceeds the period which may reasonably be treated as casual leave under the discretion vested in the Local Government or the Head of the office, the officer may be granted leave with allowances of any kind which may be due to him and thereafter leave without allowances.

Note 1.—[These examples are not meant to be in any way exhaustive.]

Note 2.—[The Government of India or the Local Government may sanction a substitute for an absentee who is prohibited from attending his duties on account of some infectious disease in his family and whose duties cannot be arranged for without prejudice to his pay, provided that the absence does not exceed 30 days and the pay or salary of the absentee is not more than Rs. 100 a month.] "

Chapter XIII.—For Chapter XIII, the following shall be substituted, namely:—

" Chapter XIII.—Long Leave—European Services.

All the rules in this part of the Regulations are subject to this limitation.

(1) Furlough and special leave with allowances taken under the rules in force prior to 29th July 1920.

(2) In the case of a Military Officer subject to the Civil Leave Rules, leave in and out of India with pay under the Leave Rules for the Indian Army, 1886.

(3) In the case of an officer who becomes entitled to the rules contained in this Chapter after being subject to the Indian Service Leave Rules- all leave counting towards the maximum in Article 322.]

313. The amount of furlough 'earned' by an officer subject to the rules in this Chapter is one-fourth of the active service rendered by him while subject to such rules.

314. An officer, who becomes entitled to the rules in this Chapter after being subject to other Leave Rules, may add to furlough earned under Article 313 an amount of furlough in respect of his previous service calculated as shown below. Any minus result of the calculation may be neglected, while, in the case of an officer other than a Military Officer subject to Civil Leave Rules, the maximum permissible addition is two years.—

(*i*) The service for furlough of a Military Officer subject to the Civil Leave Rules who, before coming under the rules in this Chapter, was subject to the Leave Rules for the Indian Army (1886), shall be calculated in accordance with Article 313 retrospectively from the date of his arrival in India or from the date of coming under the Indian Army Leave Rules, whichever is later, *i.e.*, he shall be credited with furlough equivalent to one-fourth of his active service, as defined in Article 8, less any leave with pay in or out of India actually taken. The provisions of this clause apply to Royal Engineers in Civil employ who, while serving under British Army Leave Rules, either (*a*) have elected for continuous service in India, whether the election was made before or after their entry into Civil employment, or (*b*) have completed five years' Indian service and elect to come under Civil Leave Rules.

Note.—[When a Military Officer becomes subject to the Civil Leave Rules, the Account Officer in charge of his record of pension service will, on application and on being furnished with the date of commencement of active service, furnish to the Audit Officer to whose audit he becomes subject, a memorandum showing the furlough earned, the different kinds of leave taken (distinguishing those which should be deducted from the *maximum* furlough admissible) and the balance of furlough due under Military Rules.]

(*ii*) An officer who, after being subject to the Indian Service Leave Rules, becomes entitled to the rules contained in this Chapter, shall be credited with furlough equivalent to one-sixth of his active service rendered under the former rules less any leave actually taken under such rules which counts as furlough under Article 322.

Note 1.—[An officer who comes under the rules in this Chapter while he is on leave under the Indian Service Leave Rules may at his option—

(*a*) change his leave allowances to the amount admissible under the European Service Leave Rules and come under them immediately, or

Note 2.—[If an officer who was at first subject to the Indian Service Leave Rules became prior to 29th July 1920 entitled to the European Service Leave Rules, or if an officer elects under Note 1 to Article 320 to remain under the old Indian Service Leave Rules and subsequently becomes entitled to the Leave Rules in this Chapter, the amount of furlough due to him in respect of his service under the Indian Service Leave Rules shall be calculated under Article 305 as it stood prior to 29th July 1920.]

315. The amount of furlough 'due' to an officer is the amount he has 'earned' diminished by the furlough and special leave with allowances taken under the rules in force prior to 29th July 1920 and by the furlough taken under these rules.

Note.—[In calculating the amount of furlough 'due' to a member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules, special leave taken under the rules in force prior to 29th July 1920 and furlough which was not 'due' granted under Article 302 may be disregarded subject to a maximum of six months in all.]

316. Whether such furlough be 'due' or not 'due', an officer in entitled during the first two years of each separate period of furlough to a leave allowance equal to half his average salary, subject to the following limits:—

(*i*) if the leave is spent out of Asia, maximum £111 a month and minimum £55½ a month, or the salary last drawn by him on duty, whichever is less;

(*ii*) if the leave is spent in Asia, maximum Rs. 1,111 ⅛ a month and minimum Rs. 555 ⅜ a month, or the salary last drawn by him on duty, whichever is less.

(*b*) In the case of a Military Officer subject to the Civil Leave Rules, the same maxima and minima as in the case of a member of the Indian Civil Service: Provided that, during furlough added under Article 314 (*i*) to the furlough earned under Civil Rules, the minimum shall (in the case of an officer who became subject to the Civil Leave Rules on or after the 1st April 1888) be that prescribed by the Military Rules to which an officer was subject immediately before coming under the Civil Leave Rules, and that in the case of an officer of the Royal Engineers, whose case is also governed by Article 314 (*i*), the minimum shall be the rate prescribed by the Leave Rules for the Indian Army, according to the length of his service for Indian pension. In the case, however, of an officer of the Royal Engineers, who was serving under British Army Leave Rules immediately before he became subject to the rules in this Chapter, the minimum for so much of the furlough credited under Article 314 (*i*) as has been earned by service in civil employment shall be at the rate of (1) £55½ a month if the leave is spent out of Asia and Rs. 555 ⅜ a month if the leave is spent in Asia—if he elected for continuous service in India before the 1st February 1898. (*ii*) if the leave is spent in Asia, maximum Rs. 1,000 a month; no minimum, except as provided in Article 319.

Provided always that the allowances of an officer during leave shall in no case exceed his actual salary when he takes leave.

316-A. An officer on furlough may be granted by the authority sanctioning the furlough a leave allowance equal to his full average salary, subject to the following conditions:—

(*c*) The maximum period of furlough on average salary in each separate period of leave is 8 months.

(*d*) The period during which an officer may draw during furlough average salary in lieu of the allowances ordinarily admissible should be so regulated that at the termination of the period he will still have six months' furlough due to him; but this condition is not absolute and may be relaxed at its discretion by the authority granting the furlough.

(*e*) The officer's average salary, if paid at the Home treasury of the Government of India or in a Colony where the standard of currency is gold, will be converted into sterling at the same rate of exchange as ordinary furlough allowances (*vide* Article 868). The average salary is subject to the following maximum limits:—

Note.—[The maximum limit prescribed in this clause is applicable in cases falling under Article 278, in which furlough on average salary is taken in combination with vacation or vacation and Privilege leave.]

(*g*) Furlough on half average salary may be granted in continuation of furlough on average salary or of combined Privilege leave and furlough on average salary.

317. After the expiry of the first two years of each separate period of furlough an officer on furlough is entitled—

(*i*) if a member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules, to subsistence allowance;

(*ii*) if an officer not in the Indian Civil Service or the Army, to £60 a month if the leave is spent out of Asia and Rs. 600 a month if the leave is spent in Asia, or to one-quarter of his average salary, whichever is less. In the case provided for in Article 319, quarter average salary is subject to the minima prescribed in that Article.

Note.—[In the case of officers drawing their leave allowances in India, the Government of India, in exceptional circumstances, may grant leave allowances under Article 316, and not under this Article, for any leave taken which is due under Article 315, even though it be in excess of two years.]

318. *Omitted.*

1. Leave on Medical Certificate counts as service for Furlough.

Note.—[The restriction in clause (*b*) (*iii*) of this Article may be relaxed by the Government of India and Provincial Governments in cases in which its enforcement would, in their opinion, cause special hardship to the officer concerned individually or be of material disadvantage to the State.]

Leave without Allowances.

339. Extraordinary leave without allowances may, in case of necessity, and when no other leave is by rule admissible, be granted for such time as may be necessary. Time spent on leave under this Article does not count as service for other leave. Subject to the provisions of Article 198, there is no limit to the length or frequency of leave under this Article. It may not be granted in combination with the grant of other leave except as provided in Article 233. But it may be granted in continuation of other leave if circumstances arise which prevent the return by the officer to duty, and which, in the opinion of the Local Government or the authority empowered to grant the leave, are such as to justify the concession. No officer is *entitled* to Extraordinary leave.

1. In cases in which the duration of the Extraordinary leave to be granted does not exceed two months, the Local Government or the authority empowered to grant the leave may dispense with the condition in this Article that the leave can be granted only when no other kind of leave is by rule admissible.

2. An officer who has a temporary or officiating appointment only may be allowed leave under this Article for not more than three months at one time.

Note.—[The Note and Explanation under Article 332 apply to this Article also. Leave Allowances.

340. (*a*) An officer on Leave on Medical Certificate under Article 336 is entitled to half his average salary for the first fifteen months of each period of such leave, but not for more than thirty months in all. For the rest of his leave under Article 336 he is entitled to a quarter of his average salary.

(*b*) An officer on Furlough or on Leave on Private Affairs is entitled to half his average salary.

(*c*) But whenever an officer whose appointment is not gazetted takes leave for *not more* than one month, or whenever such an officer's salary is less than Rs. 300, his pay (not salary) when he gives up office is to be taken in lieu of average salary.

Note.—[For the purpose of this clause, duty and deputation (duty) allowances are deemed to be included in pay and salary.]

Note 1.—[Absentee allowances in respect of leave spent out of India, if paid in India, are subject to the rupee limits prescribed in this Article. In cases, however, in which such allowances are paid at sterling rates, under the special orders of the Government of India, with reference to Article 862, they will be subject to the sterling limits prescribed herein.]

Note 2.—[For the purposes of this Article, Ceylon and the Straits Settlements are not held to be 'out of India.']

***342.** The half average salary and quarter average salary of an officer subject to the rules in this Chapter if on leave out of India (except in Ceylon or the Straits Settlements) are subject to the following minima:—

(*a*) if the leave is Leave on Medical Certificate under Article 336, or

(*b*) if the leave, although not Leave on Medical Certificate under Article 336, has been granted on account of ill-health.

Half average salary.	*Minima.*
If paid in England	£200 a year, or ¼ths of the salary last drawn on duty, whichever is less.
If paid in India	Rs. 222⅔ a month, or ¼ths of the salary last drawn on duty, whichever is less.

Any leave, other than Privilege leave or Leave on Private Affairs or Subsidiary Leave preparatory to retirement, granted to such an officer before the date on which he attains the age of fifty-five years, ceases to have effect on this date.

Note.—[Except in the case of an officer who, after the age of 54 years, has been refused leave owing to the exigencies of the public service, the grant of leave under this Article is subject to the condition that the officer returns to duty at the end of the leave. In applying for leave the officer must record a declaration that he has no intention of retiring for three months after his return to duty.]

SECTION III.—SUBSIDIARY LEAVE.

346. An officer going on, or returning from, Leave out of India on Medical Certificate, Leave on Private Affairs, or Furlough, is entitled to Subsidiary leave, under the rules in Articles 321 and 323 to 331, and the grant of such leave carries with it

(*d*) When the deputation is declared not to be under *quasi*-European conditions, the officer may be granted the full salary which he would be drawing in India together with a deputation allowance determined by the Government of India with reference to the considerations ordinarily governing the grant of such allowance to officers placed on special duty in India.

(*e*) The restrictions on remuneration above stated do not bar the refund of actual travelling expenses or the grant of an allowance estimated to cover such expenses.

(*f*) Before sanctioning the deputation of an officer to a foreign country, dominion, or self-governing colony, the Government of India will refer to the Secretary of State, unless he has otherwise directed, in order that the Government of the country to be visited may be informed, when necessary, of the nature of the officer's mission, and that any required facilities may be applied for.

(*g*) Provincial Governments may exercise the same powers as those of the Government of India in regard to the deputation of officers for special scientific and technical enquiries.

Note 1.—[The period of the deputation runs from the date on which the officer makes over charge of his office in India to the date on which he resumes it; or if the officer is on leave out of India at the time he is placed on deputation, the period of the deputation is the time actually occupied by the duty.]

Note 2.—[For the purposes of this Article, salary does not include the pay or salary of an appointment outside the regular line to which an officer is nominated while deputed to, or detained in, Europe on special duty.]

Note 3.—[When privilege leave is interrupted by a period of deputation in Europe, the allowance admissible under this Article will be issued by the Home treasury of the Government of India for a period equal to that of the deputation but commencing on the day following the termination of the original period of privilege leave; but in any case in which this rule would prevent the officer from drawing his deputation allowance before his return to India, it will be issued to him before his embarkation for India.]

Note 4.—[The Government of India, or, in cases in which the cost is met from Provincial Revenues, a Local Government, may depute a subordinate police officer to any country outside India to accompany or take charge of criminals or lunatics or on any other business which is part of his duty as a police officer, and may grant to the officer so deputed— ...

(*a*) full pay, for the entire period of absence from India; with

(*b*) actual travelling expenses, and a subsistence allowance not exceeding the following scale, while in any country outside India:—

				s.	d.	
For an officer of the Inspector class	...	...	...	10	6	a day.
For an officer of the Sergeant class	...	...	...	8	6	a day.
For an officer of the Constable class	...	...	...	6	0	a day.

A Local Government may delegate its powers under this rule to officers of a rank not lower than Deputy Inspectors-General of Police or Commissioners of Police in the Presidency towns and Rangoon.]

Note 5.—[The salary admissible under this Article expressed in rupees shall be converted into sterling at such rate of exchange as the Secretary of State in Council may by order prescribe.] "

This amendment takes effect from the 17th January 1928.

Article 85-A.—For Article 85-A., the following shall be substituted, namely:—

" 85-A. The sanction of the Secretary of State is required—

(*a*) to the deputation of officers in Europe or America and to the terms of their deputation;

(*b*) to the deputation or the terms of the deputation in all other cases not falling within the powers conferred by Article 85.

As a rule the remuneration granted to an officer on deputation in Europe or America will be governed by the principles laid down in Article 85 for officers deputed under *quasi*-European conditions."

This amendment takes effect from the 3rd January 1921.

Article 198.—For Article 198, the following shall be substituted, namely:—

'198. After five years' continuous absence, whether with or without leave, an officer is considered to be out of Government employ."

1. *Extract from Despatch from the Secretary of State, No. 87, dated 15th March 1883.*—"It appears to me that considerable misapprehension exists in India in regard to the meaning of the rule contained in *Article 198 of these Regulations* which was framed in analogy with the provisions of Statute 33, Geo. III, Cap. 52, s. 70, and which provides that after five years' continuous absence, whether with or without leave, an officer is considered to be out of Government employ. In cases like the present, it seems to be thought that this rule merely indicates the maximum amount of leave which, if not inconvenient to the Government, an officer may not unreasonably expect to have granted to him; whereas the intention of the rule is merely to fix a limit of leave which under no circumstances can be exceeded, and to which it is undesirable that any near approach should be made in any but very exceptional cases."

Note 1.—[This Article does not apply to officers transferred to Foreign Service in India.]

Note 2.—[The Government of India have the power to relax the rule in this Article in the case of officers who are lent to the Governments of Siam and Iraq.]

Article 361-A.—For Article 361-A., the following shall be substituted, namely:—

"361-A. The Government of India may, however, in the case of service paid from General Revenues, even though either or both of conditions (1) and (2) are not fulfilled,—

(1) declare that any specified kind of service rendered in a non-gazetted capacity shall qualify for pension;

(2) in individual cases, and subject to such conditions as it may think fit to impose in each case, allow service rendered by an officer to count for pension.

Subject to such conditions as it may think fit to impose, the Government of India may delegate its powers under this Article to Provincial Governments, Minor Local Governments and Heads of Departments.

Note.—[(*a*) Provincial Governments exercise the powers of the Government of India under clauses (1) and (2) of this Article in respect to officers serving under them if the pension does not exceed fifty rupees a month. In individual cases where the pension exceeds fifty rupees a month, they may allow half the actual non-qualifying service paid from General Revenues to count for pension subject to a maximum of twelve months in all.

(*b*) Minor Local Governments exercise the powers of the Government of India under clause (2) of this Article in respect of officers serving under them if the pension does not exceed ten rupees a month.]"

This amendment takes effect from the 3rd January 1921.

"403. An incumbent of one of the offices enumerated below, appointed on account of professional or other special qualifications, whose whole pensionable service has been passed in one or other of such offices, shall, if appointed at an age exceeding 25, be entitled to reckon as service qualifying for superannuation pension (but not for any other class of pension) the actual period by which his age may at the time of appointment have exceeded 25 years, subject to the proviso that five years shall be the maximum period which can be so added. No officer can claim the benefit of this Article unless his actual qualifying service at the time he quits Government service is not less than ten years.

Second and third Officers and Engineers of the Indo-European Telegraph Department, attached to the Cableship *Patrick Stewart*.

Exception.—Subsequent promotion to an appointment which is not one of the offices enumerated in this Article, but is of similar nature and carries not less pay, does not deprive an officer of the concession prescribed above, provided that he has, when so promoted, completed not less than five years' qualifying service in one of the officers enumerated in this Article."

This amendment takes effect from the 7th February 1922.

Article 404-A.—For Article 404-A., the following shall be substituted, namely:—

This concession will not be granted to individual officers appointed at an age exceeding twenty-five years to Departments or appointments other than those included above. No officer can claim the benefit of this Article unless his actual qualifying service at the time he quits Government service is not less than ten years.

Note.—[The extra years conceded in this Article count towards the limit of 28 years' qualifying service prescribed in Article 475-A.]

1. The provisions of this Article apply to members of the Bar directly appointed to judicial posts ordinarily reserved for members of the Indian Civil Service, but, in their case, the maximum period to be added will be ten years."

This amendment takes effect from the 3rd January 1921.

Article 459.—For the Note under Article 459, the following shall be substituted, namely :—

(2) A retiring pension is also granted to an officer who is required by Government to retire after completing twenty-five years' qualifying service or more.

In the case of an officer who has earned an additional pension both in the upper and in the lower grade, service for any broken period of a year in the upper grade may count as service in the lower grade if the pension of the officer is increased thereby.

(3) An officer of pensionable status who has held an appointment in foreign service with a State-owned Railway worked by a Company, which is certified by the Government of India to correspond in rank and responsibility with a State Railway appointment listed in the Schedule below, may be allowed by the Government of India a special additional pension in respect of that appointment at the rates and subject to the conditions prescribed in clause (1) or (2) of this Article, as the case may be.

No Civil officer, whether a member of the Indian Civil Service or otherwise, is entitled to any special privileges by reason of his being a Barrister, Vakil, Pleader, Solicitor or Attorney, unless on his first admission to the service he is appointed to some office in which the Local Government, with the sanction of the Government of India, has declared it to be necessary on public grounds to employ a Barrister, Vakil, Pleader, Solicitor or Attorney.

Note.—[This Article is intended to debar from the benefits of this Chapter (1) a barrister, vakil, pleader, solicitor or attorney who first enters Government service in an appointment to which it is not certified to be necessary to appoint such an officer, and (2) a member of an ordinary Government service who happens also to be a barrister, vakil, pleader, solicitor or attorney.

If, however, there are special circumstances which appear to justify a departure from the general rule in the case of any individual officer, as, for example, when a permanent appointment, to which the subsequent provisions of this Chapter ordinarily apply, follows a purely temporary incumbency in one which would ordinarily disqualify from the benefits of those provisions, the case should, if it is desired to grant any concession, be referred to the Government of India before the officer is confirmed in the later appointment.]"

This amendment takes effect from the 11th August 1922.

Article 547.—For Article 547, the following shall be substituted, namely:—

(2) the amount of an award paid to any such person shall not exceed the difference between the amount otherwise admissible under these rules and the amount of compensation payable under the Act.

Note.—[In the case of men remunerated by piece-work rates, pay, for the purposes of this Chapter, means the average earnings of the last six months of service immediately preceding death or the receipt of injury.]

729. The rules in this Chapter do not apply to Army followers or to civil subordinates belonging to the various departments of the Army,—Supply and Transport, Medical, Ordnance, Veterinary, Remount, Military Accounts, etc.,—if in receipt of less pay than Rs. 200 a month. The claims of men of these classes, and of their families, to wound and other extraordinary pensions or gratuities are dealt with under Army Regulations, India.

732. In cases where considerable delay has occurred in applying for an extraordinary pension, the grant, if any, will take effect only from the date of the report by the medical board, or, in the case of a family pension, from such date as the sanctioning authority may decide. Otherwise the grant may be made with effect from the date of wound, injury, or death; except that, when it is made under Army Regulations, it has effect from the date therein prescribed.

733. In cases falling clearly and strictly within the letter of the rules in this Chapter, the Local Government may exercise, in relation to Government servants under its administrative control, all powers conferred by the rules upon the Government of India other than the powers conferred by Articles 739, 741-A, 743, 746-D, 746-E and by the Notes under Articles 740 and 746-B.

734. All awards involving expenditure chargeable to British revenue should be reported without delay to the Secretary of State.

735. When a grant under these rules is made in India to an European officer, the authority sanctioning the grant shall inform the Secretary of State in order that a grant of a like nature may not be made by any authority in the United Kingdom in respect of the same casualty.

736. When it is necessary to convert sterling pensions or gratuities awarded under the rules in this Chapter into rupees, or rupee pensions or gratuities into sterling, the conversion shall be effected at the rate of exchange fixed for the conversion of ordinary civil pensions.

(*ii*) In other cases, at the rate of one-sixtieth of his average emoluments for each completed year of service for pension, including any period passed with a military force in the circumstances described in Article 739.

SECTION II.—WOUNDS, INJURIES, OR OTHER DISABILITIES SUSTAINED BY A CIVIL OFFICER WHILE SERVING WITH A MILITARY FORCE.

739. The rules in this Section apply to officers serving in circumstances justifying their presence with a military force if the connection of the officer with the force can reasonably be held to be due wholly or in part to the fact that he was at the time a civil officer of the Government of India, or a Local Government. This may be assumed without question in the case of any officer called out for actual service as a member of the Indian Army Reserve of Officers or of the Auxiliary Force,

India, or the Indian Territorial Force, or attached to an Indian unit or to a force under the orders of the Government of India or operating in a country contiguous to India. (*a*) For the purpose of awarding a family pension under this Article, the term "family" includes only wife, legitimate child, father or mother, dependent upon the deceased for support.

(*b*) The pension is allotted:—

(1) to the eldest surviving son, for the support of the family;

(2) failing a son, to the eldest widow, for the same purpose;

(3) failing both sons and widows, to the eldest surviving unmarried daughter, for the same purpose;

(4) these failing, to the father, for the same purpose;

(5) failing (1) to (4), to the mother, for the same purpose.

(*c*) The pension to a male is tenable as follows:—

(1) if the pensioner is under six years of age, till he is eighteen years old;

(2) if not under six, but under fifty years, for twelve years;

(3) if not under fifty years, for life.

(*d*) The pension to a female is for life or until marriage; but on her suitable marriage, the Government of India may, at their discretion, grant her five years' pension as a dowry.

Note.—[A pension granted to a female infant who is a native of Asia shall, in the absence of special orders to the contrary, last until she leaves her own family to cohabit with her husband, or being married, attains the age of sixteen years, whichever event happens first.]

(*e*) In awarding a family pension under this Article the Government of India have discretion to make such modification in the mode of allotment or conditions of tenure set forth in clauses (*b*) to (*d*) as they may consider desirable with a view to adapting these to the legal or customary conditions applicable in the case of the family to be benefited, or to providing against the improper application of the pension or its premature cessation. They have also power to award the pension to a dependent who does not strictly fall within the definition of "family."

(*f*) On the cessation of the pension through death, marriage or other cause, the Government of India have discretionary power to re-grant it, in whole or in part, to members of the family lower down in the scale prescribed in clause (*b*), who may have been dependent on it for support, and for such period as they may consider desirable, not exceeding that admissible under clause (*c*) or (*d*) for an original grant.

743. *Pension or Gratuity in case of serious detriment to health.*—A civil officer of the Government of India or a Local Government in receipt of pay of less than Rs. 200 a month, who, when serving in a civil capacity with a military force, sustains in consequence of that service serious detriment to his health not entitling him to a pension under Article 742, may be granted by the Government of India a special pension or gratuity fixed by them at their discretion with reference to—

(*a*) the scale of wound and injury pensions and gratuities which would be applicable, under Article 742, in his case,

(*b*) the severity and probable permanence of the disability, and

(*c*) the extent to which the disability may be merely an aggravation of one previously existing.

B.—Civil Officers serving in a Military Capacity with a Military Force.

744. If a civil officer of Government who is a member of the Auxiliary Force, India, or the Indian Territorial Force, is called out on actual military service, or if a civil officer is otherwise serving in a military capacity with a military force in circumstances justifying his presence, he may elect, if wounded, injured or otherwise disabled as a direct result of such service, to be treated either under the conditions laid down in Articles 740—743 for a civil officer who is serving in a civil capacity with a military force, or under the military regulations governing his employment on military service. In the latter case, the award will be governed by his actual military rank. The election may be made at any time during the service or after it.

Note. [If a civil officer serving in a military capacity with a military force elects to be treated under the conditions laid down in Articles 740—743, his pay, for the purpose of those Articles, shall be taken to be that which he would have drawn if he had remained in civil employ, the calculation being made according to the "next-below" rule where applicable.]

745. The family of a civil officer who loses his life through service in a military capacity with a military force will be treated according to the rules, civil or military, which the officer may have elected for himself, or, if no such election has been made, the family will be given the benefit of the rules most favourable to them.

SECTION III.—WOUNDS, INJURIES OR OTHER DISABILITIES SUSTAINED OTHERWISE THAN ON SERVICE WITH A MILITARY FORCE.

746. (1) The rules in this Section provide for the grant of a pension or a gratuity to an officer in civil employ who is injured, and to the family of such an officer who is killed or dies of injuries received, in the execution of public duty in circumstances other than those specified in Section II.

Note.—[Military officers in civil employ who receive wounds or injuries in the discharge of civil duties, and the families of those officers who die of such wounds or injuries, have no claim to injury gratuities and pensions under military rules and will be dealt with under the rules in this section.]

(2) No gratuity or pension shall be sanctioned under this Section except after the necessary medical report and the report of the audit officer have been obtained, provided that if the officer lost his life in circumstances which render it impossible to procure a medical report, reliable evidence of the actual occurrence of death may be accepted in lieu thereof.

746-A. (*a*) When a claim for an extraordinary pension or gratuity under this Section arises, the head of the department or of the office in which the deceased or injured officer was employed will hold a formal inquiry, taking evidence as to—

(*i*) the circumstances in which the injury was received or the life lost;

(*ii*) in the case of a death, the relationship and the pecuniary circumstances of the claimants.

(*b*) He will then submit the case, with a statement of the circumstances, through the usual channel to the Local Government or the Government of India, as the case may be. The application should be in Forms Nos. 25 and 26 in the case of an officer injured, and Form No. 22 in the case of a deceased officer.

746-B. Except as provided below, grants under this Section may be made only when injury or death is met in the performance of any particular duty which has the effect of increasing the officer's liability to injury or death beyond the ordinary risk of the civil appointment held by him. No claims shall be admitted on account of loss of life or bodily injury resulting from an accident to which an officer may be liable under the ordinary conditions of civil life or in connection with the ordinary discharge of his duty.

Note.—[The object of this rule is to limit the grant of a pension or gratuity under this section strictly to the cases for which it is intended. It is obviously inexpedient for the Government to dispense charity in individual cases, or to do anything which might weaken the inducements to officers to secure proper provision for their families. All doubtful cases should be referred for the orders of the Government of India, who have been authorised to decide in such cases whether the conditions of this rule have been fulfilled with due regard to the principles laid down in it.

It has been decided by the Secretary of State that the performance of operations on venereal or septicæmic patients, or the attendance by nurses or medical subordinates on such patients, may be treated as duty involving extraordinary bodily risk. Any grant in accordance with this decision requires the sanction of the Government of India.]

746-BB. Where a police officer is injured or killed whilst in the actual performance of, or in consequence of, his duty, a gratuity or pension may, if the injury or death was intentionally inflicted or caused, be granted to him, or to his family, as the case may be, on the scale prescribed in Article 746-C.

746-C. If, in the circumstances described in Article 746-B, it be decided to award a gratuity or pension to a civil officer or his family, and the injury or death in respect of which the grant is to be made has been caused otherwise than on service with a military force, the amount and conditions of the award shall be those prescribed in Sub-section A of Section II above, except that the award shall be made without reference to the military rank which might under rule have been assigned to the officer in the field if he had been serving with a military force, or to his actual military rank if he is a Military officer in civil employ.

746-D. The Government of India have discretionary power to award extraordinary pensions or gratuities in special cases where the conditions of Article 746-B are not strictly fulfilled, as, for instance, when an officer is killed or injured in, or in consequence of, the due performance of his official duties, or because of his official position. Any case in which it appears to the Government of India that the claim to an extraordinary pension or gratuity is doubtful should be referred for the decision of the Secretary of State.

746-E. If, in the circumstances described in Article 746-D, it be decided to award a pension or gratuity to a civil officer or his family, the amount of the award shall be fixed by the Government of India with reference to the character and service of the officer, the nature of the risk undergone and his conduct in accepting it, and the pecuniary circumstances and prospects of the claimant, the *maximum* award being that which would be admissible in a corresponding case falling under Article 746-B. The form and conditions of the award shall ordinarily be the same as those prescribed for a corresponding case under that Article, but the Government of India may modify these at their discretion, e.g., they may award an equivalent gratuity in lieu of pension, or *vice versa*, if they think that this would be to the benefit of the recipient or desirable on grounds of administrative convenience.

747. Subject only to such conditions as they may impose, the Government of India may grant to an officer who has been severely injured or has contracted a serious disease in the execution of public duty, or to the family of an officer who has died from the effects of such injury or disease, an extraordinary pension not exceeding Rs. 25 a month, or a gratuity not exceeding the equivalent of that amount or Rs. 1,000, whichever may be greater.

Note 1.—[The power of the Government of India under this Article may be exercised by the Railway Board in respect of railway servants.]

Note 2.—[A gratuity or pension may be granted under this Article to a village watchman (including a municipal chaukidar in the United Provinces) or his family, even though he receives no pay from the State.]

Note 3.—[Superintending Engineers in the Public Works Department may be authorised by a Local Government to grant a gratuity under this Article read with Article 733, not exceeding Rs 20 or two months' pay, whichever is less, to a day labourer or mechanic injured, or to his representatives if he is killed, in the execution of duty by causes beyond his control.]

747-A. *State Railway Servants.*—The following special rules apply in the case of State Railway servants who are injured, or the dependents of such servants who are killed, in the discharge of their duties, in accidents caused by the working of trains or railway engines, otherwise than through their own negligence or wilful action:—

(1) An employé permanently disabled while on duty may be awarded a gratuity not exceeding 24 months' emoluments, or, if his service is under 24 months, 12 months' emoluments.

(2) The widow or dependents of a railway employé killed or dying of injuries received while on duty may be awarded a gratuity not exceeding 24 months' emoluments, or, if his service is under 24 months, 12 months' emoluments.

(3) An employé who sustains partial disablement as the result of a railway accident rendering him unfit for reversion to his former occupation, and for whom no other suitable employment can be found, may be awarded a gratuity not exceeding 12 months' emoluments.

(4) For the purposes of rules (1), (2) and (3), "emoluments" shall be taken at (*i*) the average amount for the last 12 months' service of the employé if his service is not less than 12 months and (*ii*) the average amount drawn during his whole service if it is less than 12 months.

(5) The gratuity admissible in any case is subject to a maximum of Rs. 15,000.

Note 1.—[Gratuities within the maximum limits mentioned in this Aricle may be sanctioned by the Railway Board in all cases. Agents of State Railways are authorised to sanction gratuities under this Article, provided that the grant in any single case shall not exceed Rs 6,000.]

Note 2.—[Officials of the Railway Mail Service are eligible in the same way as State Railway servants under this Article for the grant of gratuities to those who may be injured, or to the representatives of those who may be killed, in railway accidents. For the purpose of this rule, the Director-General of Posts and Telegraphs exercises powers similar to those exercised by Agents of State Railways in respect of State Railway servants.]

Note 3.—[This Article applies to servants of railway companies working State lines. It does not apply to State Railway servants or companies' servants injured or killed in railway accidents otherwise than in the discharge of their duties. In their case, as well as that of other Government servants injured or killed in railway accidents while travelling on civil duty, compensation is payable under the rules applicable to ordinary passengers.]

(*a*) the contribution must be paid in full at the beginning of each month by cash or cheque to the nearest Government treasury. Any default in the payment of the contribution entails forfeiture of the claim against Government;

(*b*) the bills for establishment charges must be subject to audit by Government with a view to ensuring that health certificates have been obtained for new entrants, that the contributions are recovered in respect of the whole establishment sanctioned, and that no employé in any month draws more than the amount sanctioned for the appointment held by him.

Arrear contributions in respect either of individual officers or classes of officers, proposed with a view to render past service qualifying, cannot be accepted."

This amendment takes effect from the 3rd January 1921.

(2) For Rule 1 under Article 802, the following shall be substituted, namely:—

"1. The Municipal Corporation of the City of Bombay may make a similar arrangement for contribution to pensions from the general revenues for teachers employed in Municipal schools, without enforcement of the condition of audit by the Accountant General, provided the Accountant General is furnished with—

Any balance of leave allowances undrawn at the time that an officer returns to duty in India should be drawn there in rupees. In cases, however, where the non-drawal of leave allowances at sterling rates outside India is due to no fault of the officer concerned the Government of India may authorise the undrawn allowances to be paid in India at such sterling rates, converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe.

An officer having selected the country in which he desires to draw his leave allowances is permitted to change only once during any one period of leave.

Note.—[Notwithstanding anything in this Article, an officer who becomes entitled to the sterling maximum or minimum prescribed in Chapter XIII or XIV, but does not exercise the option to take payment outside Asia or having exercised the option does not actually take payment outside Asia, will draw the leave allowance in India at the sterling rate, converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe.]"

If he visits England, this certificate is to be presented at the India Office.

This report should be forwarded at once to the High Commissioner for

India by the Local Government by which the pension will in due course be sanctioned. The High Commissioner will then, on receiving from the officer a declaration similar to that in Article 925, at discretion, sanction the immediate disbursement of the amount of pension reported to be the minimum likely to be admissible, or such smaller amount as may be deemed proper. The final pension certificate in due form should follow the provisional certificate with the least possible delay."

Each payment should be endorsed on the back of both the original and the triplicate Warrant, an acknowledgment of receipt of money being rendered by the payee. When no space for such entries remains, or when a Warrant is lost or destroyed, a fresh Warrant shall be issued by the officer who issued the original Warrant on application being made through the Colonial disbursing officer.
